Re: Rapid Re-Housing Project funding request

Congratulations again on your tentative approval for your proposed housing project.

We will need an adjustment to your funding request along with a reflection of this adjustment in your proposal. Please provide an adjusted proposal based on a request for no more than \$219,949. Funding for your project is contingent upon an adjusted budget that does not exceed this amount.

Please provide a response at your earliest convenience or let me know if you would prefer that we set up a conference call.

If I can answer any questions or clarify any information, don't hesitate to contact me directly.

Respectfully,

Jessica Delaney
