PORTABLE ANTE UP®

Inflatable Emergency Anteroom

Quickly add temporary anterooms to rooms wherever infectious, surge-capacity patients are isolated.

The ANTE UP® emergency anteroom from Abatement Technologies® provides users with an easier-to-use alternative to setting up "frame and shroud" anteroom modules in the corridor. ANTE UP® can be placed within the doorway to minimize corridor obstruction, or placed in the corridor, adjacent to the doorway.

FEATURES & BENEFITS

- Exceptionally portable; fits in a soft carrying bag, weighing just 40 lbs
- Deploys in less than 5 minutes using the 110V inflator/deflator (included)
- Self-seals in a doorway or quick setup outside a doorway
- Fits into or adjacent to standard 80" tall, 46" to 49" wide doorways
- Expandable to fit double doors up to 100" wide
- Takes up only 10" of corridor space when mounted within the door opening
- Use with an in-room HEPA-CARE® system for ideal "clean to dirty" airflow, or with a portable air scrubber in the corridor
- Left/right ports fit 8" or 10" exhausts
- Fire-rated Frame Fabric:
CA Bulletin 117 Section C
NFPA 702
OSHA CFR 16, Part 1610

- 1 10" exhaust / intake ports for HEPA filtration device
- 2 Zippered half-C entry / exit doors (2)
- 3 Zippered pass-through opening
- 4 Clear view windows with covers on corridor and room sides
- 5 Top load clear-view file pocket
- 6 Extended floor

To: All Abatement Technologies Customers

From: Abatement Technologies Traffic Department

Subject: Receiving Instructions

Thank you for ordering Abatement Technologies air filtration equipment. All items on your order will be counted, inspected and packed securely prior to shipment. We will make every effort to ensure that your shipment arrives intact and in good order.

Occasionally, we encounter problems with concealed freight damage and/or shortages. For your protection, these problems must be detected and documented when the shipment is delivered by the freight carrier. Listed below are our receiving instructions which we urge you to follow carefully. These instructions will serve to protect your interests and place the responsibility for freight damage and shortages with the delivering carrier.

In order to prevent losses due to undocumented freight shortages and concealed damage, the following receiving instructions have been prepared for your protection:

1. Check to ensure that the number of cartons received matches the number of cartons listed on the delivery receipt. **Note any shortages on the delivery receipt before signing it.**
2. If the correct number of cartons is received, carefully inspect the condition of the freight. If any carton damage is noticed, **make a notation on the delivery receipt of the number of cartons damaged and the type of damage exhibited (crushed, dented, punctured, wet areas, etc).** In addition, **mark on the delivery receipt "Possible Concealed Damage" before signing it.** This step is important because once the carrier leaves your facility with a clear, signed delivery receipt, you have, in effect, accepted the product "as is". At this point there is virtually no recourse against the delivering carrier and you will incur additional expenses to resolve damage issues.
3. Ask the driver if you can inspect the carton(s) that appear to be damaged, especially those containing the air filtration equipment (packed in large cartons), and if he or she is agreeable, open the carton(s) and carefully inspect the equipment.
4. If any freight damage is noticed, notify our customer service department immediately.
5. If the damage appears extensive, refuse to accept delivery of the carton(s).
6. **If you sign a clear delivery receipt and accept the shipment, we urge you to immediately unpack the goods and carefully inspect everything. If any damage is noticed after the fact, notify our customer service department immediately.**

We urge you to follow these receiving instructions carefully. Abatement Technologies will not accept responsibility for shortages and concealed damage noted after the fact.

Important Note:

In many cases, customers place permanent identifying markings on their equipment. Prior to accepting the shipment, do not place any markings on the equipment, including stencils, labels and/or decals. Equipment which has been permanently marked cannot be returned for credit.

If you have any questions please feel free to call the Traffic Department at 800-634-9091.

TERMS AND CONDITIONS OF SALE

UNLESS OTHERWISE PROVIDED BY SEPARATE WRITTEN AGREEMENT DULY SIGNED BY AN OFFICER OF ABATEMENT TECHNOLOGIES, INC. (HEREINAFTER REFERRED TO AS "ATI") ANY SALE OF GOODS BY ATI IS EXPRESSLY CONDITIONED UPON ACCEPTANCE OF THE TERMS AND CONDITIONS SPECIFIED BELOW. ACCEPTANCE OF ANY GOODS SHALL BE DEEMED TO BE AN ACCEPTANCE BY PURCHASER OF SUCH TERMS AND CONDITIONS. ANY ADDITIONAL OR DIFFERENT TERMS AND CONDITIONS IN PURCHASER'S PURCHASE ORDER OR ACKNOWLEDGMENT OR OTHER RESPONSE ARE HEREBY OBJECTED TO AND SHALL BE OF NO EFFECT.

ACCEPTANCE

All orders are subject to acceptance by ATI. Acceptance of all terms and conditions stated herein is an express condition of this sale. No additional or different terms or conditions may be added and are deemed objected to by ATI and shall be of no effect. Acceptance of any goods by Purchaser shall be deemed an acceptance of the terms and conditions stated herein.

PRICING

ATI reserves the right to change pricing without prior notification. All prices are in US dollars.

TAXES

In addition to the prices specified in ATI's then current price list, or as otherwise applicable hereunder, the amount of any present or future tax applicable to the sale, manufacture, delivery or handling of the goods sold, shall be deemed to be for the account of, and shall be paid by Purchaser. ATI may, at its option, include the amount of such tax in the invoice.

CREDIT AND TERMS

Refer to the section entitled "CREDIT AND TERMS" on ATI's then current Price List for the particular goods which are expressly incorporated herein by reference.

PAST DUE ACCOUNTS

Accounts with past due invoices must be brought current prior to shipment of any additional orders. Past due accounts are subject to credit review and reduction or revocation of open credit.

FREIGHT POLICY

Refer to the section entitled "FREIGHT POLICY" on ATI's then current Price List for the particular goods which are expressly incorporated herein by reference.

FREIGHT CLAIMS

For orders that are shipped F.O.B. origin, title to the goods passes to the Purchaser once ATI delivers them to the freight carrier. Whether an order is shipped freight collect or prepaid and charged back, the Purchaser: (a) bears all freight charges, (b) has title to the goods in transit, and (c) is responsible for filing freight claims if necessary. **Please note: All shipments should be closely inspected upon receipt by the Purchaser for damage, suspected concealed damage, and any shortage. Purchaser must note any damage, suspected concealed damage or shortage on the delivery receipt at the time of delivery. Once a "clear" delivery receipt has been signed, there is virtually no recourse against the carrier.**

DELAYS

ATI shall not be liable for failure to deliver or delays in delivery occasioned by or due to (a) fires, floods, inability to obtain materials or shipping space, breakdowns, delays of carriers or suppliers, labor troubles, acts, regulations or requests of any government agency; or (b) any cause beyond ATI's control. In the event of ATI's inability, for any cause beyond its control, to fill Purchaser's order, ATI may allocate its available supply of goods ordered among any or all purchasers, on such basis as ATI in its sole discretion may decide, without liability to Purchaser for any failure to perform ATI's contractual obligations which may be consequence thereof.

RETURNED GOODS

Goods may be returned only upon receipt of a written return authorization from ATI Customer Service Department. Returns are subject to the following conditions:

1. ATI's Customer Service Department must be notified within 14 days of shipment date of Purchaser's desire to return goods.
2. Returned goods must be received by ATI within 30 days of original ship date. Return shipment must be sent "freight prepaid." Collect shipments will be refused.
3. The return authorization (RA) number issued by Customer Service must appear on the return shipment.
4. Returned goods are subject to inspection. Goods must be in their original condition and packaging. No partial cases may be returned. No credit will be issued on used or damaged goods.
5. Returns may be for merchandise credit only. No refunds will be made.
6. A 20% restocking charge plus any prepaid freight charges will be deducted from the merchandise credit.
7. Custom, non-stock, discontinued, special or private label goods may not be returned.
8. After 30 days, all sales are final and goods may not be returned to ATI for any reason.

LIMITED WARRANTY

ATI warrants that goods sold to Purchaser shall be free from defects in material and workmanship, except such as are commercially acceptable. ATI DOES NOT WARRANT THAT THE GOODS SOLD ARE MERCHANTABLE OR FIT FOR ANY PARTICULAR PURPOSE. ATI MAKES NO WARRANTIES OTHER THAN AS STATED IN THE FIRST SENTENCE OF THIS PARAGRAPH. ALL OTHER WARRANTIES, GUARANTIES, OR REPRESENTATIONS, EXPRESS OR IMPLIED, BY OPERATION OF LAW OR OTHERWISE, ARE EXPRESSLY DISCLAIMED. Goods found by ATI to be defective or not to conform to specification shall upon return be replaced or repaired by ATI without any additional charges, or, at ATI's option, ATI may refund the purchase price of such goods. ATI will pay return transportation charges on returned goods not exceeding the transportation charges applicable to shipment from original destination unless the returned goods are free from defect and conform to specifications. Returned goods which are found by ATI to be free from defect and to conform to specifications shall be held for Purchaser's shipping instructions, which instructions Purchaser shall furnish promptly upon request. ATI's LIABILITY SHALL IN NO EVENT EXTEND BEYOND REPLACEMENT, REPAIR OR REFUND OF THE PURCHASE PRICE AND ATI SHALL NOT BE LIABLE UNDER ANY CIRCUMSTANCES FOR SPECIAL, CONTINGENT OR CONSEQUENTIAL DAMAGES, NOR FOR LOSS, DAMAGES, OR EXPENSES DIRECTLY OR INDIRECTLY ARISING FROM THE USE OF THE GOODS, INCLUDING WITHOUT LIMITATION, WAREHOUSING, LABOR, HANDLING AND SERVICE CHARGES, DIE, EQUIPMENT, OR MACHINE BREAKAGE, NOR FOR COSTS, LOST PROFITS OR LOSS OF GOOD WILL. THE USE OF SUBSTITUTE, NON-ATI PARTS AND/OR FILTERS IN ANY ATI PRODUCT voids all warranties and performance claims. THE REMEDIES SET FORTH HEREIN ARE EXCLUSIVE.

CHANGES AND WAIVERS

No change or waiver of any of these terms and conditions shall be valid unless in writing and signed by the party against whom such claimed change or waiver is sought to be enforced. No waiver by ATI of any breach of any term or condition hereof shall be deemed a waiver of any other breach of such term or condition. ATI's failure to object to any provision in any communication from Purchaser shall not be deemed an acceptance thereof or a waiver of any of the terms and conditions hereof.

GOVERNING LAW

This sale and agreement will be construed and governed by the laws of the State of Georgia. Any action or claim arising out of or relating to the manufacture, purchase or sale of the goods described on the face side of this document shall be brought only in a state or federal court located in the State of Georgia. Purchaser consents to jurisdiction in the state and federal courts sitting in the State of Georgia.

CONTRACTORS TAKE NOTE

Abatement Technologies is NOT a subcontractor. Abatement Technologies has NOT executed a "Notice to Owner/Contractor" and, therefore, has not established lien rights on any construction project. If an order is shipped on approved credit, payment is due on NET 30 day terms.

Description

AnteRoom Provides Isolation

The HEPACART™ AnteRoom is an external aluminum passageway that serves as an entryway into any larger room where maintenance, renovation or construction is taking place. The HEPACART™ AnteRoom provides total room isolation, a containment measure that mitigates patient risk from work dust and related contaminants.

With external negative air machine adapters on either side of the enclosure, HEPACART™ AnteRoom provides air filtration, dust collection and infectious control. On most Infection Control matrices for construction or renovation in hospitals, the specifications for the HEPACART™ AnteRoom meet all the
