### Project Description:

Funding for the Home Visiting Program will be used to provide counties with resources to offer home visiting services to a member of a CalWORKs Assisted Unit and expanded population.

### Summary:

The CA Dept of Social Services is funding home visiting to support positive health, development and well-being outcomes for pregnant and parenting individuals, families, and infants born into poverty. By helping families achieve stability while participating in the HVP, the program hopes to lay the foundation for other long-term goals such as future educational opportunities, economic progress, and greater financial opportunities. This two-generational approach to service delivery will improve family engagement
