Hi Logan,

Can you send me an updated quote on this? We are looking at a 40' high cube, Cargo Worthy plus with a 12' roll up door on the long side, possibly another roll-up door on the left side, so there are 3 access doors total. We will need the prices to be good for 60 days.

Hi Sarah,

It would be in our back lot by our EPP Warehouse where our Public Health vehicles are parked. We have outside lights which cover the lot and also have it in our PHEP budget revision to improve the resolution of our security cameras. The container would be locked at all times. The container we are looking at is wind and watertight and we are also exploring ventilation options to prevent mold and mildew damage. If there are other protection concerns, let me know as we are going over our budget revisions this morning to submit this afternoon. Katy

Hi Katy,

I am asked for more information. Where would the storage unit be placed? We would like to know if the items that are placed in the storage container would be adequately protected.

Thank you for your patience!

Hi Sarah,

Any news on approval for this? We need to get it on the Board agenda very soon for their approval as well. Katy

Hi Sarah,

After quoting it out and nailing down all the costs, the container will be \$9000 total. Katy

Good afternoon,

Can I please get approval to purchase a 40' shipping container to store supplies (mostly Covid-19) with our COVID CoAg Response funds?

Thank you,
