AGENDA

CMSP Background

Background on CMSP & Governing Board

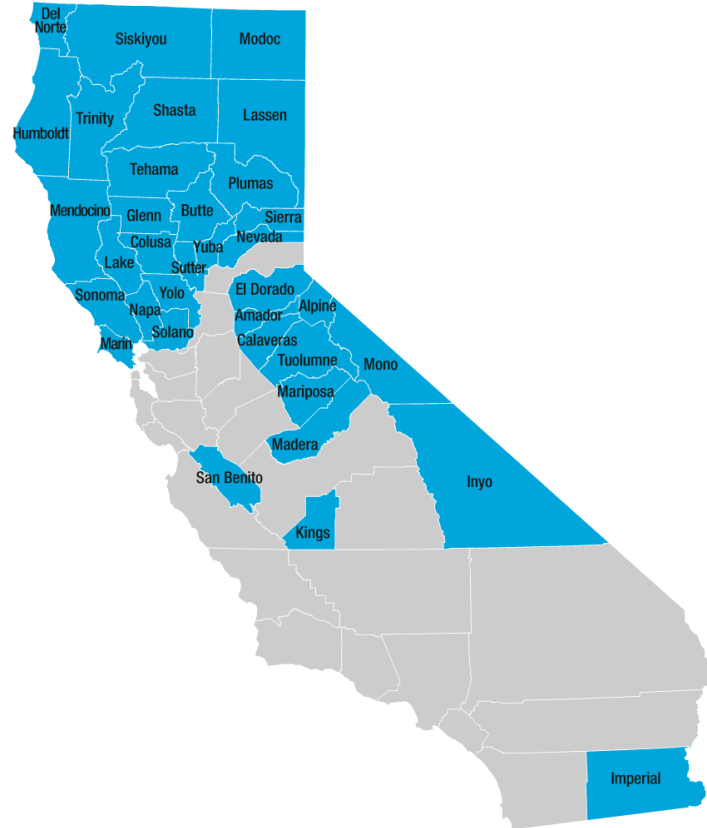

Key Historical Events

- In 1982 California law eliminated Medi-Cal eligibility for medically indigent adults (MIA)
 - MIA population became county responsibility under WIC Section 17000 (county aid to medically indigent)
- CMSP created in 1983 to address needs of smaller counties:
 - A “pooled risk” health benefit program
 - Eligible counties have populations of 300,000 or less (in base year 1980)
 - 35 participating counties (Yolo County joined 7/1/12)
- In April 1995 CMSP Governing Board established by California law:
 - Charged with overall policy and fiscal responsibility for CMSP
 - Ten county officials elected by CMSP counties
 - Ex-officio, non-voting State representative (CA HHS Agency Secretary)
- CMSP is administered through contracts with:
 - Advanced Medical Management (AMM) for medical and dental benefit administration
 - MedImpact Health Systems for pharmacy benefit administration
 - California DHCS provides eligibility data file transfers
 - Other consultants and contractors provide various services
