G. Additional Information. 1. Briefly describe the area to be served: fire protection system, water system, equipment, facilities, staffing, hazards, etc. and purpose of proposed project. 2. How will the request(s) maintain or bring your organization into compliance with NFPA 1977? (Limited to space below)

The CSA-4 Hammond Ranch Fire Zone response area encompasses 32 square miles and a community of approximately 2,000 residents. One paved county road (Old Stage Road) dissects the majority of the community with Old Highway 99 providing entrance at the north. College Avenue approximately mid-way through the community, and Deetz Road on the south end of the response area. All other roads are private dirt roads that vary from relatively well-maintained gravel roads that allow two-car widths to rutted and nearly impassable, overgrown single-tract accesses. Egress is a valid concern with only one road leading in and out for the majority of residents. CSA-4 Hammond Ranch Fire Zone is a all volunteer department. As with most departments, maintains one Type 1 (4x4) structure engine, a Type 1 water tender, one rescue vehicle, a Type 6 quick attack vehicle and one utility vehicle. New radios will help us meet the NFPA 1977 standard by allowing us to program new frequencies annually to ensure common communication between dispatch and responding resources for our firefighter and public safety.

In addition to the original request(s), Applicants may list alternative projects for excess or unused funds, which the State will review during the initial application process. The State will determine which of the Applicant’s projects are eligible for funding if excess or unused funds become available. Upon advance written approval by the State, the applicant may use additional/excess funding up to the contract maximum amount to purchase State approved items in listed order of priority on their application.

Deviations from the original application are considered an amendment and require prior approval before the amended expenditures can be made.

The funds will be only for those projects accomplished and/or items purchased between Agreement Approval Date and June 30, 2023. The Recipient agrees to provide CAL FIRE with itemized documentation of the Agreement project expenditures and bill CAL FIRE as soon as the project is complete, but no later than September 1, 2023.

The Recipient gives CAL FIRE or any authorized representative access to examine all records, books, papers, or documents relating to the Agreement. The Recipient shall hold harmless CAL FIRE and its employees for any liability or injury suffered through the use of property or equipment acquired under this Agreement. The applicant certifies that to the best of the applicant’s knowledge and belief, the data in this application is true.

I certify that the above and attached information is true and correct:

PERSONAL PROTECTIVE CLOTHING AND EQUIPMENT

As a result of the recommendation from the 2003 Blue Ribbon Report to the Governor of California, we are including a Grant Assurance section in the Rural Fire Capacity Grant Application package. By completing and signing the Grant Assurance, you are certifying that your wildland firefighters are fully equipped with appropriate, approved wildland fire response Personal Protective Equipment (PPE) that meets National Fire Protection Association (NFPA) 1977 *Standard on Protective Clothing and Equipment for Wildland Fire Fighting*, and are trained to a proficient level in the use of the PPE¹.

“Firefighter safety must be of paramount concern. It is critical for the health and safety of Firefighters responding to Wildland/Urban Interface fires that they be properly equipped with the appropriate protective, safety, and communications equipment necessary to perform their duties.”

Multi-Jurisdictional Recommendation 7
2003 Blue Ribbon Report to the Governor of California.

CAL FIRE formally adopted new standards for Wildland Firefighting Protective Ensembles. All purchases of Wildland Firefighting Protective Ensemble for utilization by any personnel under the administrative control of CAL FIRE must meet these newly adopted specifications exceeding NFPA 1977 standards.

As an employer, you are responsible for providing personal protective clothing and equipment to your employees. Supervisors are responsible for enforcing clothing and equipment standards and informing employees concerning safety hazards. Supervisors are also responsible for seeing that their employees are properly trained in the purpose, use and maintenance of protective clothing and equipment. Each employee responding to or engaged in emergency services, such as structural, vehicle and related fire suppression activities, will use the appropriate safety clothing and equipment.

Departments not currently in compliance with the NFPA 1977 standard for wildland firefighter safety clothing and equipment will only be considered for awards which bring their department into compliance with this standard or, if applicable, the CAL FIRE Wildland Firefighting Hazard and Risk Assessment standard. This year's consideration for grant awards will place a higher priority for funding reimbursement of firefighter PPE purchases and associated training for those Departments not currently meeting the standard.

If you have any questions regarding this memorandum, please contact Megan Esfandiary at Megan.Esfandiary@fire.ca.gov.

¹ CAL FIRE formally adopted new wildland PPE specifications that exceed NFPA requirements, in accordance with CAL FIRE's Wildland Firefighting Hazard and Risk Assessment. All purchases of wildland PPE for utilization by any personnel under the administrative control of CAL FIRE must meet these newly adopted specifications. Those specifications may be obtained from your local CAL FIRE Unit Headquarters.

INTRODUCTION

This procedural guide addresses procedures for the Rural Fire Capacity (RFC) Program and includes information for the use of grant funds provided by the RFC and administered by the California Department of Forestry and Fire Protection (CAL FIRE). The RFC Grant Program provides funding to organize, train, and equip fire departments in rural areas and rural communities to prevent and suppress fires.

CAL FIRE is responsible for administering grant funds allocated by the U.S. Department of Agriculture (USDA) Forest Service as authorized by the Cooperative Forestry Assistance Act of 1978, and has been authorized to make awards on a matching basis to public entities such as cities, counties, special districts and volunteer fire departments.

AWARDS ARE PROVIDED ON A REIMBURSABLE BASIS. RECIPIENTS MUST COMPLETE THE APPROVED AWARD PROJECT(S) USING LOCAL FUNDS AND THEN BILL CAL FIRE IN ACCORDANCE WITH THE AWARD AGREEMENT IN ORDER TO RECEIVE THE AWARD FUNDS.

PROVISIONS OF THE COOPERATIVE FORESTRY ASSISTANCE ACT OF 1978

The Act provides for financial assistance to organize, train and equip local forces in rural areas and communities to prevent, control and suppress fires threatening life, resources and other improvements. This assistance is available only to communities with a population under 10,000, however groups of smaller communities (at least one being 10,000 people or less) may join together in a combined effort to service more than 10,000 people.

The level of funding expected for California fluctuates on an annual basis. There is approximately \$300,000 in residual funds to be awarded in the current year.

Financial assistance for any project cannot exceed 50% of actual expenditures.

Priority will be given to multi-community projects (serving at least one community under 10,000 people) such as countywide planning, regional coordination groups, and several communities planning protection for an entire rural area.

COMPLYING WITH CIVIL RIGHTS REQUIREMENTS

In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age or disability. (Not all prohibited bases apply to all programs.)

To file a complaint of discrimination: write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410 or call (202) 720-5964 (voice and TDD). USDA is an equal opportunity provider and employer.

NATIONAL FIRE PROTECTION ASSOCIATION 1977 AND PERSONAL PROTECTIVE EQUIPMENT

As a result of the recommendation from the 2003 Blue Ribbon Report to the Governor of California, CAL FIRE has included a section in the RFC grant application that states you are certifying that your wildland firefighters are fully equipped with appropriate, approved wildland fire response Personal Protective Equipment (PPE) that meets National Fire Protection Association (NFPA) 1977 *Standard on Protective Clothing and Equipment for Wildland Fire Fighting* and are trained to a proficient level in the use of the PPE.

Departments not currently in compliance with the NFPA 1977 standard for wildland firefighter safety clothing and equipment will only be considered for awards which bring their department into compliance with this standard. This year's consideration for grant awards will place a higher priority for funding reimbursement of firefighter PPE purchases and associated training for those Departments not currently meeting the standard.

HOW FUNDS CAN BE USED

Cost-share funds will be awarded to local governments to provide assistance to rural areas in upgrading their capability to organize, train, and equip local forces for fire protection. Awards will be limited to a minimum of \$500 and a projected maximum of \$20,000.

Further assistance may be provided through loans from other sources of Federal funds for purchase of major items of equipment and facilities.

Proposed projects should be compatible with existing protection of state, county, and local areas. Communities or agencies imposing strict boundary limits, i.e., excluding rural residents will not be considered in this program.

The use of funds for new fire engines and other vehicles are not allowed. However, the cost of the conversion of vehicles obtained through the Federal Excess Personal Property Program (FEPP) to water tenders, engines, brush trucks, and equipment trucks may be funded under the RFC grant.

Training of local fire forces in both wildfire and structural fire techniques is a primary goal of this grant. The program should include a basic training program of at least 40 hours. In addition, an advanced training course of at least 40 hours should be developed.

Communications, for alarm systems and dispatch capabilities, should be considered an integral part of the rural fire department. Funds are available for the development and purchase of radio equipment for dispatching centers, vehicles and alert monitors, and pagers.

Requests for construction projects of any type are NOT fundable.

Requests for HAZMAT, extrication, rescue, medical aid, and other non-fire training costs or materials are NOT fundable.

ELIGIBILITY

Funding for departments must meet at least one of the following qualifications:

1. A single fire department serving a rural area or a rural community with a population of 10,000 or less.
2. Area fire departments (fire districts, townships, etc.) may serve an aggregate population of greater than 10,000 as long as the service area of the fire department includes a rural area or a rural community having a population of 10,000 or less. The RFC funding must be used to benefit the rural population.
3. A single county or town with a population over 10,000 which is served by two or more fire districts operating entirely within the bounds of the county or town may qualify as long as the service area of a given fire department includes a rural area or a rural community or the population of the fire department's jurisdiction is 10,000 or less. The RFC funding must be used for the rural area.
4. A single community with a population greater than 10,000 and having a single fire department with one or more fire stations may qualify. The fire department must have a service area that includes a rural area or community that does not exceed 10,000 population. Also a single community with a population greater than 10,000 which also provides fire protection to an adjoining rural community of 10,000 or less population by contract may also be eligible provided the RFC funding is used entirely to support the rural community.

A single community fire department serving a population greater than 10,000 and not providing protection to a rural area or to a rural community is **not** eligible for RFC financial assistance.

TERMS AND CONDITIONS**

DEPARTMENT OF FORESTRY AND FIRE PROTECTION

STATE OF CALIFORNIA
Natural Resources Agency

Agreement for the Rural Fire Capacity Program of the
Cooperative Forestry Assistance Act of 1978

THIS AGREEMENT, made and entered between the STATE of California, acting through the Director of the Department of Forestry and Fire Protection hereinafter called "STATE", and _____ hereinafter called "LOCAL AGENCY", covenants as follows:

RECITALS:

1. STATE has been approved as a passthrough agent of the United States Department of Agriculture, (USDA), Forest Service for the purpose of administering the Rural Fire Capacity program in California, hereinafter referred to as RFC, authorized by the Cooperative Forestry Assistance Act (CFAA) of 1978 (PL 95-313, 92 Stat 365, 16 U.S.C. 2101-2114), as amended.
2. This is a subaward under the 2022 Rural Fire Capacity Grant #22-DG-11052012-XXX awarded to STATE by the Forest Service on XXX. The CFDA for the award is 10.664, Cooperative Forestry Assistance. This subaward is funded solely with Federal funds and is subject to the Office of Management and Budget (OMB) guidance in subparts A through F of 2 CFR Part 200, as adopted and supplemented by the USDA in 2 CFR Part 400, and under certain terms and conditions to LOCAL AGENCY to assist LOCAL AGENCY to upgrade its fire protection capability.
3. LOCAL AGENCY desires to participate in said RFC and agrees to the terms and conditions specified in the Procedural Guide for Rural Fire Capacity Program 2022.

NOW THEREFORE, it is mutually agreed between the parties as follows:

4. **APPROVAL: This Agreement is of no force or effect until signed by both parties and approved by the Department of General Services, if required. LOCAL AGENCY may not commence performance until such approval has been obtained.**
5. **INCORPORATION: The Procedural Guide for Rural Fire Capacity Program 2022, submitted Application for Funding and associated Grant Assurances are hereby incorporated by reference as part of the Grant Agreement.**
6. **TIMELINESS: Time is of the essence in this Agreement.**

7. **FORFEITURE OF AWARD: LOCAL AGENCY must return this Agreement and required resolution properly signed and executed to STATE at the email address specified in paragraph 12, with a timestamp no later than December 1, 2022 or LOCAL AGENCY will forfeit the funds.**

8. **GRANT AND BUDGET CONTIGENCY CLAUSE:** It is mutually understood between the parties that this **Agreement** may have been written for the mutual benefit of both parties before ascertaining the availability of congressional appropriation of funds, to avoid program and fiscal delays that would occur if the **Agreement** were executed after that determination was made.

This **Agreement** is valid and enforceable only if sufficient funds are made available to the STATE by the United States Government for the **State Fiscal Year 2022** for the purpose of this program. In addition, this **Agreement** is subject to any additional restrictions, limitations, or conditions enacted by the Congress or to any statute enacted by the Congress that may affect the provisions, terms, or funding of this **Agreement** in any manner.

The parties mutually agree that if the Congress does not appropriate sufficient funds for the program, this **Agreement** shall be amended to reflect any reduction in funds.

The STATE has the option to invalidate the **Agreement** under the 30-day cancellation clause or to amend the **Agreement** to reflect any reduction in funds.

9. **REIMBURSEMENT:** STATE will reimburse LOCAL AGENCY, from funds made available to STATE by the Federal Government, an amount not to exceed «Award_» on a 50/50 matching funds basis, for the performance of specific projects and/or purchase of specific items identified in Proposed Project, Application for Funding, attached hereto. **Reimbursement will be only for those projects accomplished and/or items purchased between THE LAST SIGNATORY DATE ON PAGE 1 and JUNE 30, 2023.** This sum is the sole and maximum payment that STATE will make pursuant to this Agreement. **LOCAL AGENCY must bill STATE at the e-mail address specified in paragraph 12, with a timestamp no later than September 1, 2023 in order to receive the funds.** The bill submitted by LOCAL AGENCY must clearly delineate the projects performed and/or items purchased. A vendor's invoice and proof of payment to vendor(s) must be included for items purchased.

10. **LIMITATIONS:** Expenditure of the funds distributed by STATE herein is subject to the same limitations as placed by the RFC, upon expenditure of United States Government Funds. Pursuant to 2CFR200.313 Equipment, subject to the obligations and conditions set forth in that section; title to any equipment and supplies acquired under this **Agreement** vests with the LOCAL AGENCY. For any equipment items over \$5,000, the federal government may retain a vested interest in accordance with paragraph 16 below.

11. **MATCHING FUNDS:** Any and all funds paid to LOCAL AGENCY under the terms of this **Agreement**, hereinafter referred to as "RFC Funds", shall be matched by LOCAL AGENCY on a dollar-for-dollar basis, for each project listed on attachment(s) hereto identified as "Proposed Project". No amount of unpaid "contributed" or "volunteer" labor or services shall be used or consigned in calculating the matching amount "actually spent" by LOCAL AGENCY.

LOCAL AGENCY shall not use RFC Funds as matching funds for other federal grants, including Department of Interior (USDI) Rural Fire Assistance grants, nor use funds from other federal grants, including USDI Rural Fire Assistance grants, as matching funds for RFC Funds.

15. OVERRUNS: In the event that the total cost of a funded project exceeds the estimate of costs upon which this Agreement is made, LOCAL AGENCY may request additional funds to cover the **Agreement** share of the amount exceeded. However, there is no assurance that any such funds are, or may be, available for reimbursement. Any increase in funding will require an amendment.

16. Approval of additional projects/items, not listed on the Proposed Project application, made by STATE, will be in writing and will require an amendment.

17. FEDERAL INTEREST IN EQUIPMENT: The Federal Government has a vested interest in any item purchased with RFC funding in excess of \$5,000 regardless of the length of this **Agreement**, until such time as the fair market value is less than \$5,000. The RFC percentage used to purchase the equipment will be applied to the sale price and recovered for the Government during the sale. This percentage will remain the same even following depreciation. The Federal Government may not have to be reimbursed if the disposal sale amounts to a fair market value of less than \$5,000. LOCAL AGENCY will notify STATE of the disposal of such items.

18. EQUIPMENT INVENTORY: Any single item purchased in excess of \$5,000 will be assigned an RFC Property Number by the STATE. LOCAL AGENCY shall forward a copy of the purchase documents listing the item, brand, model, serial number, any LOCAL AGENCY property number assigned, and a LOCAL AGENCY contact and return address to STATE at the address specified in paragraph 12. The STATE will advise the LOCAL AGENCY Contact of the RFC Property Number assigned.

LOCAL AGENCY agrees to maintain such records for possible audit for a minimum of five (5) years after final payment, unless a longer period of records retention is stipulated. LOCAL AGENCY agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. Further, LOCAL AGENCY agrees to include a similar right of the State of California to audit records and interview staff in any subcontract related to performance of this **Agreement**. (GC 8546.7, PCC 10115 et seq., CCR Title 2, Section 1896).
20. DISPUTES: In the event of any dispute over qualifying matching expenditures of LOCAL AGENCY or audit findings, the dispute will be decided by STATE and its decision shall be final and binding.
