Subject: Home and Community Based Services (HCBS) Access to Technology Program – Grant Approval
Attachments: Siskiyou County ATT Agreement.pdf

Dear Applicant:

The California Department of Aging (CDA) is pleased to inform you that your proposal for Siskiyou County has been approved by the Division of Home and Community Living (DHCL) for the Access to Technology Program in the amount of \$204,874.

Please review the attached grant agreement which incorporates your county's approved application proposal and budget. The agreement is provided as a standard Adobe PDF document; however, it can also be provided via DocuSign or Adobe E-Signature upon request.

If using "wet signature", please print out at least two full copies, complete the Grant Agreement Manager table on Page #3, have the designated official sign all copies, and mail all copies to my attention at the address listed in my signature below.

In addition to the signed agreement, a board resolution must be received showing the board's acceptance of these grant funds before CDA can sign and execute the agreement.

Note from CDA: The Administration continues to assess the option to extend the HCBS Spending Plan from the original deadline by an additional year to December 2024. There are fiscal and programmatic implications of exercising the HCBS time extension. At this time, all State and local partners should plan for a December 2023 end date. Approved funding amounts remain the same, however expenditures must be completed within the December 2023 timeline. There will be an upcoming amendment to revise the end date of this agreement.

If you have any questions regarding this email, please contact me at james.spencer@aging.ca.gov.

Thank you,

James Spencer
