Last Updated:	

Project Description:

The ATT program has been established to meet the needs of diverse older adults and adults with disabilities, to connect older adults and adults with disabilities to technology to help reduce isolation, increase connections, and enhance self-confidence. This is a non-competitive grant provided to all county human services departments that opt to participate.

Summary:

HHSA intends to provide electronic devices including but limited to laptops, tablets or smart-phones to older adult and adults with disabilities. Assist residents access reliable Internet service, provide classes or workshops to individuals requiring assistance with using technology or how to access services such as grocery delivery, access to health records or bills paying in an effort better support the older adults and adults with disabilities in Siskiyou County. HHSA will provide program outreach to all residents and information about other programs available to access technology such as the Affordable Connectivity Program.
