2/23/2023

FOR: California Department of Public Health

PURPOSE: Request updated approval for purchase (previous purchase fell through due to manufacturer shortage)

Siskiyou County Public Health ELC Enhancing Detection Expansion grant team requests approval to purchase a vehicle to support the requirement to provide services throughout the county. The intent of this vehicle is to tow and deliver equipment and supplies needed in the efforts to provide testing and vaccination resources to the community. This supports ELC EXP Strategy 2, Milestones 2&4 Strengthen Laboratory Testing; ELC DET Strategy 6, Milestone 1 Coordinate and Engage with Partners; and ELC EXP Strategy 6, Milestone 1. This asset will prove invaluable to the goal of conducting outreach to the community, specifically the underserved population in the far reaches of rural Siskiyou County.

Per the ELC Enhancing Detection Expansion Guidance dated 1/12/2021, we have revised the budget to reflect funding for this item in the most recent quarterly Spend Plan requirement.

The previously approved purchase was under contract for several months until the manufacturer indicated they would not guarantee price protection on delayed vehicles and the next year model would need to be purchased. Additionally, the local dealer indicated that of the seven vehicles they had on order, only one was allocated by the manufacturing, leaving us to locate the attached quote from a different dealer.

We wish to accept the bid from Corning Ford at a cost of \$82,104.15 funded by ELC EXP. Future costs and maintenance expenses will be funded by alternate sources upon expiration of ELC grant funding.

Your support in our endeavor to serve our community is appreciated.

Shelly Davis, MN BSN-RN PHN CCHP
Director of Public Health
