Project Name:	PHC Street Outreach Grant
Amount of Grant:	\$ 10,000
Last Updated:	05/04/2023

Project Description:

The Housing and Homelessness Incentive Program (HHIP) through the Department of Health Care Services provides funding incentives for managed care plans (MCPs) to improve health outcomes and access to care by addressing housing instability for Medi-Cal members. Counties have the opportunity to earn incentive funds with the achievement of specific, State-established targets. One of the State-established targets is connection with a street medicine team, or for a designated rural county, alternative services (referrals) provided by the MCP if a street medicine team is not present in the county.

Summary:

Partnership HealthPlan of California (PHC), an MCP that operates in Siskiyou County, has developed the PHC Street Outreach Grant Program as one-time funding to help rural counties build capacity for street outreach programs and track referrals. HHSA intends to submit a request for the maximum amount of \$10,000. If awarded the funds, HHSA will bring a contract to the CAO for approval. The funding will be used to supplement current street outreach projects and create referral processes between HHSA and PHC.
