2. Premises. This Lease shall be issued only in connection with premises upon which a privately owned hangar was constructed prior to May 1, 2018. ^[A1]County hereby leases to Lessee, and Lessee hereby hires from County, upon the terms and conditions herein set forth, that certain portion of land located at the Airport (the “Premises”), comprising of **Ten Thousand Four Hundred (10,400)** square feet, upon which a privately owned hangar now sits, which is more particularly identified as **Hangar #A4** as outlined in Exhibit “A” attached hereto and made a part hereof by this reference. County of Siskiyou – Airport Ground Lease

meters at Lessee's expense and Lessee shall contract directly with utility providers. If separate meters are not possible, Lessee shall reimburse County for Lessee's pro rata share, as reasonably determined by County, of all shared utilities within ten (10) days after billing by County.

Lessee acknowledges that County has no obligation to provide any utilities to the Premises. County shall not be liable to Lessee under any circumstances for damages or loss to Lessee's property, injury to person or property, or consequential damages, however occurring, through, in connection with, or incidental to the failure to furnish or interruption of any utilities at the Premises.

Lessee shall comply with all rules and regulations which County, any governmental agencies or authorities, or any utility company may establish for the use, proper functioning and protection of any utility.

4. Rent

4a. Base Rent. On the Commencement Date, Lessee shall pay County an annual base rent in the amount of **Three Thousand Three Hundred Ninety Dollars and Forty Cents (\$3,390.40)** per year ("Base Rent") calculated at **(\$0.326) x Ten Thousand Four Hundred (10,400)** square feet as further set forth in Exhibit "C" attached hereto. Rent is to be paid in full on the Commencement Date and thereafter on each yearly anniversary of the Commencement Date. The Base Rent amount is subject to an annual cost of living adjustment as explained in Section 4b below.

4b. Annual Rent Increase. On the first anniversary of the Commencement Date, and each anniversary thereafter, the Base Rent shall be increased by the current County Adjustment Factor. This will determine the new "Base Rent" for the new year. The County "Adjustment Factor" shall be a percentage calculated as follows: Beginning January 1, 2023, and every three (3) year period thereafter, the annual rent increase shall be determined by calculating the average annual California Consumer Price Index for all areas and all consumers as reported by the State of California, Department of Industrial Relations ("CPI"), for the preceding three (3) years, with the resulting adjusted CPI applied for that year and the two (2) years that follow. However, the Adjustment Factor shall not be less than one percent (1%) nor more than six percent (6%). The rental amount rate schedule for this Lease through December 31 of the year preceding the next Adjustment Factor calculation date is set forth in Exhibit "C" attached hereto and incorporated herein.

4d. Late Fee; Fees for Denied Payment. Lessee is responsible for timely payment of annual rent and all additional charges, without notice or demand and without deduction, diminution, abatement, counter claim or setoff of any amount for any reason whatsoever, to County.

In the event any payment is not received by County by noon on the fifteenth (15th) day after it is due, Lessee shall, without notice, pay late charges in the amount of Twenty-Five Dollars (\$25.00) each month that the annual payment remains unpaid. If

County of Siskiyou – Airport Ground Lease

payment remitted by check or other negotiable instrument is presented for payment to the appropriate institution and denied for insufficient funds, such payment shall be subject to a reprocessing fee in the amount of Twenty-Five Dollars (\$25.00).

5. Right of Flight. There is hereby reserved to County, its successors and assigns, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the Airport. This public right of flight shall include the right to cause within the said airspace any noise inherent in the operation of any aircraft used for navigation or flight through the said airspace or landing at, taking off from, or operating on the Airport.

6. Obligations of Lessee.

6a. Storage and Use of Premises. The Premises shall be used only for the construction, installation, maintenance and repair of an aircraft storage hangar (the "Hangar"), storage of the aircraft of record identified in Exhibit "B" attached hereto and incorporated herein (the "Aircraft"), and otherwise primarily for aeronautical uses. No commercial or business activity of any kind whatsoever shall be conducted or allowed by Lessee in, from or around the Premises. Subleasing of Aircraft storage space, in and of itself, shall not constitute commercial activity for purposes of this paragraph. The Hangar shall not be removed from the Premises by Lessee except as otherwise provided in this Lease.

Lessee shall have and maintain a controlling ownership interest in the Hangar. Any aircraft parked or stored on the Premises for more than five (5) days, which need not be consecutive, in any twelve (12) month period shall be deemed Aircraft subject to this Lease. Lessee shall have and maintain a controlling ownership interest in at least one Aircraft, and Lessee, or a sub-lessee of Lessee, shall have and maintain a controlling ownership interest in each other Aircraft, as evidenced by FAA Aircraft Registration Certificates. "Controlling ownership interest", as used herein, shall mean legal ownership of more than fifty percent (50%); the right to otherwise control the leasing, sale, and management of the subject property, or, in the case of a leased Aircraft, the lessor of the Aircraft or the owner of a controlling ownership interest in the business entity that leases the Aircraft.

In the event additional or substitute Aircraft are to be stored on the Premises, Lessee shall give prior written notice to County which notice shall include identification of the subject Aircraft, a copy of the FAA Aircraft Registration Certificate for the Aircraft, and copies of the insurance certificates required pursuant to Section 12 of this Lease for the Aircraft. Exhibit "B" to this Lease shall then be amended to reflect such additions or substitutions.

6b. Maintenance of Premises. Lessee shall maintain the areas surrounding the Hangar consisting of five (5) feet in the front, rear, and sides of the Hangar in a neat and

County of Siskiyou – Airport Ground Lease

orderly condition. This includes trash disposal, landscaping, and weed removal. Lessee shall keep such area around the Hangar clean and clear of debris, oil, grease and/or toxic chemicals. Lessee agrees to maintain the Hangar in a clean and orderly condition, and in good and operable repair, at all times, and in accordance with California Department of Industrial Safety and Fire Codes which may apply to aircraft hangar storage and other applicable federal, state and local laws and ordinances. This includes exterior painting, wiring and structural repairs as necessary. Lessee shall be responsible for clean-up and maintenance due to fuel or oil spills. Lessee shall take steps to ensure that the performance of any maintenance work conducted on the Premises shall not damage the Premises. Lessee shall become familiar with and shall at all times abide by all of County's rules and regulations related to use of the Hangar and the Premises and the use of any of County's other Airport facilities, whether promulgated before or after the execution of this Lease, and in particular Lessee shall abide by the following regulations (please initial next to each line):

SG

 A. There shall be no priming or painting in the Hangar except for touching up minor chips. Except for the foregoing, Lessee shall request in writing permission from County prior to conducting any painting activities on the Premises or at the Airport.

SG

 B. Paints, solvents, thinners, and other flammable liquids or materials shall be used only when the Hangar door is completely open to provide ventilation.

SG

 C. Combustible materials must be stored in NFPA-approved containers and closed when not in use.

SG

 D. Lessee shall not permit any accumulation of oily rags, paper, rubbish, or other debris, nor overload electrical circuits, that could increase the risk for fire.

SG

 E. No hazardous or flammable materials shall be stored within or about the Hangar and Premises unless stored within an Environmental Protection Agency or local Fire Marshall approved container/cabinet.

SG

 F. No boxes, crates, rubbish, paper or other litter that could cause or support combustion shall be permitted to accumulate within or about the Premises.

6c. Damage to Premises. Lessee shall control the conduct and demeanor of its invitees, agents, and sub-lessees, and their invitees and agents, in and around the Premises and shall take all steps necessary to remove persons whom County may for good and sufficient cause deem objectionable. Lessee shall be responsible for all damage to the Premises caused by the acts, omissions, negligence, or willful misconduct of Lessee, Lessee's invitees and sub-lessees, and their invitees, not to

County of Siskiyou – Airport Ground Lease

exclude repair of apron in front of the Hangar due to fuel spillage. In the event Lessee does not promptly repair any damage to the Premises or property for which Lessee is responsible, County reserves the right, in addition to any other rights or remedies available to County, to make such repairs, at Lessee's expense, the cost of which shall become due and payable within ten (10) days of billing from County.

6d. Termination and Expiration of This Lease.

(1) Termination. Within sixty (60) days of the termination of this Lease, Lessee shall remove, at Lessee's sole expense, the Hangar, the Aircraft, and all of Lessee's personal property from the Premises, and surrender the Premises to County in good and clean condition and repair.

Lessee shall be liable for any and all damage to the Premises caused by Lessee's use including, but not limited to, damage to the apron immediately adjacent to the Premises due to fuel or oil spillage, or contamination from hazardous materials.

In the event Lessee does not remove Lessee's property, including the Hangar and/or the Aircraft, from the Premises within sixty (60) days of the termination of this Lease, County may elect with regard to all or any such property, in County's sole discretion and without further notice to Lessee, to do any of the following: (i) remove such property from the Premises and dispose of it, in which case Lessee shall reimburse County upon demand for all costs of removal and disposal; (ii) take full possession and ownership of such property, in which case Lessee shall not be responsible for removal or disposal cost, nor entitled to any proceeds of any sale or rental by the County of such property; or (iii) in the case of personal property (including the Aircraft, but not including the Hangar), to deem such property abandoned personal property and proceed with notice and foreclosure sale according to and in compliance with the terms of California Civil Code Section 1993, et seq.

(2) Expiration. If this Lease has not been terminated prior to the expiration of the fourth (4th) Renewal Term as provided in Section 1 herein, and upon the expiration of the fourth (4th) Renewal Term of this Lease, provided that the Renewal Conditions (as defined in Section 1 herein) are met or waived by County in writing and neither party has informed the other in writing of its intent not to renew at least sixty (60) days prior to such expiration, this Lease shall automatically renew for successive one (1) year periods following the procedures set forth in Section 1; provided, however, that either party hereto shall have the right during any of the foregoing one-year Renewal Terms to terminate this Lease for any reason at any time upon sixty (60) days prior written notice to the other party, in which case the provisions of Section 6.d(1) herein shall apply.

7. Compliance with Laws and Regulations. In utilizing the Premises during the term of this Lease, Lessee agrees to comply with the following:

7a. Siskiyou County Code, Title 2 – Chapter 1. – Airports (Exhibit D)

County of Siskiyou – Airport Ground Lease

7b. Siskiyou County Code, Title 3 – Chapter 6. – Airports and Aircraft (Exhibit E)

7c. FAA Assurances – Airport Sponsors (Exhibit F)

7d. All applicable ordinances, rules and regulations established by any federal, state or local government agency exercising jurisdiction over the Premises, as the same may be amended from time to time.

7e. Any incidental non-aeronautical use of the Premises shall not interfere with the primary aeronautical uses of the Premises.

7f. All security measures that may be imposed from time to time by County or any other applicable governmental agency. If gate codes are used, Lessee shall not be authorized to distribute gate codes to any persons. If Lessee provides any gate code to unauthorized individuals, it shall be considered a material breach of this Lease.

7g. Lessee agrees that County is not responsible for the security of the Aircraft or any property located on the Premises. It is expressly understood that no storage of airplanes, boats, cars, trucks, trailers or mobile homes is permitted outside of the Hangar or anywhere on County's property except designated parking areas for such vehicles or aircraft.

8. Safe Use of Premises. Lessee agrees to make no unlawful, offensive or noxious use of the Premises. In addition, no explosives, firearms, volatile or flammable chemicals or other property which would materially increase the hazard of fires shall be stored at the Premises; provided, however, that up to 20 gallons of aircraft fuel may be stored within the Hangar in compliance with Section 6b(E) herein, on a temporary basis in connection with self-service maintenance activities. No aircraft shall be refueled while said aircraft is within the Hangar or otherwise on the Premises. Any refueling shall occur outside the Premises and fuels shall not be stored at the Premises, other than in the fuel tanks internal to the stored Aircraft. If any Aircraft requires a special grade/type of fuel not provided by County and/or the Fixed Based Operator (“FBO”), if any, all rules and regulations governing the private, non-commercial self-fueling of aircraft shall be followed.

9. Assignment and Sublease. Neither this Lease nor any interest herein shall be assigned, either voluntarily or involuntarily, by Lessee, or by operation of law or otherwise, nor shall the Premises or the Hangar, or any part thereof, be sublet or sold by Lessee without the prior written consent of County. Consent to any such assignment, transfer, sale, or sublease shall not be unreasonably withheld by County provided (a) County receives FAA Certificates of Ownership for all Aircraft contemplated for storage on the Premises, together with copies of the insurance certificates for each Aircraft as required herein, and (b) in the case of an approved assignment and Hangar sale or transfer, the transferee of the Hangar shall execute a new Ground Lease under terms and conditions then being offered by County but with a term ending no later than the expiration date of the then-current Initial Term or Renewal Term, with the same automatic renewal periods as set forth herein, if any remain (and this Ground Lease shall

County of Siskiyou – Airport Ground Lease

terminate), or, in the case of a sublease, the sub-lessee executes a sublease containing an agreement to be bound by the provisions of this Lease. Any such assignment, transfer, sublease or sale without such prior written consent of County shall be void and County shall have the right to terminate this Lease upon such unapproved assignment, transfer, sublease or sale at its sole discretion.

County shall have the right to assign or transfer County's interest in this Lease or any rights or obligations in or to it. In the event of any such assignment or transfer, Lessee shall look solely to the assignee or transferee for performance of County's obligations under this Lease.

The parking or storing of any aircraft in which Lessee does not have a controlling ownership interest on the Premises for more than five (5) days, which need not be consecutive, in any twelve (12) month period shall require a sublease. No sublease of this Lease shall be valid unless the sublease is reduced to writing, and executed by Lessee, County, and the sub-lessee. Copies of all subleases shall be kept on record at the Airport Director's Office.

10. Ownership of Improvements; County's Right to Purchase.

10a. During Lease Term. It is mutually agreed that the Hangar and any other improvements placed upon the Premises shall remain the property of Lessee throughout the term of this Lease. Lessee covenants and agrees not to make material alterations, additions or improvements to the Premises without the prior written approval of County, which approval shall not be unreasonably withheld, and acquisition of the required building permits.

10b. Third Party Offer. If, during the term of this Lease, Lessee should receive a bona fide written offer from a third party to purchase the Hangar, which offer Lessee is inclined to accept, Lessee shall give written notice to County. County shall have the first right of refusal to purchase the Hangar on the same terms and conditions as set forth in such offer. County shall exercise its right to purchase by delivering written notice of intent to purchase to Lessee within thirty (30) days of receipt of Lessee's notice, and County shall complete the purchase within sixty (60) days of County's notice of intent to purchase. The closing of such purchase shall effect an automatic termination of this Lease, and Lessee shall have no further obligation to pay rent.

Notwithstanding the foregoing, this section shall not apply to any offer from, or the sale or transfer of the Hangar to, (i) any immediate family member of Lessee, if Lessee is an individual, (ii) any immediate family member of an individual who holds a controlling interest in Lessee, if Lessee is a business entity, or (iii) any business entity in which any such immediate family member holds a controlling interest. As used herein, "immediate family member" shall mean a child, grandchild, parent, or sibling.

11. Construction of Improvements. The following provisions of this Section 11 are applicable only in the event the Hangar has not yet been erected on the Premises as of the

County of Siskiyou – Airport Ground Lease

Commencement Date.

11a. Construction. Lessee shall apply for a building permit within six (6) months of the Commencement Date, and shall complete construction, at Lessee's sole cost and expense, of the Hangar, as approved by County, on the Premises within twelve (12) months of the Commencement Date. Lessee shall provide all information required by County for the permit process in a timely manner. If Lessee seeks to have utilities on the Premises, they shall be provided and paid for by Lessee. Evidence of completion shall be the issuance of a Certificate of Occupancy from County. Prior to occupancy, Lessee shall present the Airport Director with a copy of the validly issued Certificate of Occupancy. Lessee shall be responsible for obtaining, at Lessee's sole cost and expense, all permits of any kind required by law, including payment of utility and applicable development fees. County shall have the right to control the type of construction, architectural style, size and color of any improvements to the Premises. Prior to developing final working plans, Lessee shall submit preliminary plans to the Siskiyou County Building Department for review and comment. County shall review said plans and advise Lessee of any deficiencies. Lessee shall then make the necessary changes, if any, required for County's approval. After those conditions have been satisfied, County shall notify Lessee in writing that Lessee may proceed with construction.

11b. Surety for Performance and Payment. Before any major work of construction, alteration or repair is commenced on the Premises, Lessee shall furnish County adequate surety for performance and payment in a form acceptable to the County Risk Manager, in an amount not less than the cost of the improvements to be constructed, and which shall remain in effect until the entire cost of the work has been paid in full and the new improvements have been insured as provided in this Lease. County may, but shall not unreasonably, disapprove the surety. The surety shall be deemed approved unless notice of disapproval is given within thirty (30) days after receipt of the proposed surety.

12. Insurance.

12a. Insurance Coverages. Lessee shall obtain and maintain at all times during the term of this Lease, from one or more financially solvent insurance carriers authorized to conduct business in the State of California, general liability insurance, inclusive of aircraft liability and premises liability, with a single limit for bodily injury and property damage of \$1,000,000 per occurrence with the exception of per aircraft passenger sub-limits of \$100,000, insuring Lessee's liability against death and bodily injury to persons, including invitees and passengers, and damage to property.

12b. Certificate of Insurance. County shall be named as an additional insured under the applicable insurance policies as of the Commencement Date, and shall be furnished duly executed certificates of all required insurance, together with satisfactory evidence of the payment of the premiums therefore, prior to the Commencement Date, upon renewals of such policies, no less than thirty (30) days prior to the expiration of the

County of Siskiyou – Airport Ground Lease

term of such coverage. The insurance policies of Lessee shall further provide at least thirty (30) days advance written notice to County and Lessee of any material change, cancellation, non-renewal or changes adverse to the interest of County or Lessee. It is expressly understood by Lessee that the receipt of any required insurance certificates by County hereunder does not constitute agreement that the insurance requirements of this Lease have been fully met or that the insurance policies indicated on the certificate are in compliance with all requirements of this Lease. Further, the failure of County to obtain certificates or other evidence of insurance from Lessee shall not be deemed a waiver by County. Nonconforming insurance shall not relieve Lessee of its obligation to provide the insurance specified herein.

It is Lessee's responsibility to provide the certificates of insurance with additional insured endorsement on or before the expiration date of Lessee's existing insurance policy. A processing fee of Twenty-Five Dollars (\$25.00) will be charged if the certificate of insurance is not received by County on or before the renewal date.

12c. Waiver of Subrogation. All policies shall expressly waive the underwriter's and insurance carrier's right of subrogation against County and/or its insurance carriers.

12d. Primary Insurance. Lessee's insurance policies shall respond on a primary basis, with any insurance carried by County to be construed as secondary or excess insurance.

12e. Lessee's Liability Not Limited. NOTWITHSTANDING THE PROVISIONS OF THIS SECTION 12, FOR PURPOSES OF THIS LEASE, LESSEE ACKNOWLEDGES THAT ITS POTENTIAL LIABILITY IS NOT LIMITED TO THE AMOUNT OF LIABILITY INSURANCE COVERAGE IT MAINTAINS OR TO THE LIMITS REQUIRED HEREIN.

13. Casualty. In the event that the Premises, or the means of access thereto, is damaged by fire or any other cause, the rent payable hereunder shall not abate. In the event of loss of or material damage to the Hangar, Lessee shall repair or replace the Hangar within twenty-one (21) days following written notice to Lessee or, provided that Lessee has in good faith commenced such repair or replacement within such 21-day period, in a reasonable time thereafter. In the event such repair or replacement has not been timely completed as provided in this Section 13, County shall have the rights of entry and repair or replacement granted to it pursuant to Section 17 herein.

14. Liabilities, Indemnities and Force Majure. Lessee shall defend, indemnify and hold harmless County (inclusive of its subsidiaries, affiliates, as now or hereafter constituted) and its officers, directors, agents, employees, and contractors, from and against any and all cost, liability, fine, penalty, damage or injury, including cost of suit and expenses of legal services, claimed or recovered by any person or entity, arising out of or relating to use of the Premises, or any activity, work, or other things done, permitted or suffered by Lessee in, on, or about the Premises by Lessee, its invitees, agents, or sub-lessees, or their invitees or agents, or any breach or default by Lessee in the

County of Siskiyou – Airport Ground Lease

performance of any obligation of Lessee set forth in this Lease (“Contract Damages”), except in the event that such damages arise from County’s sole negligence or willful misconduct.

Further, Lessee shall indemnify County and pay any taxes or penalties imposed by any proper governing authority based upon Lessee's failure to comply or violation of any local, state or federal rule resulting from the improper utilization of the Premises. Any such sum shall be paid within ten (10) days of written demand by County.

Neither party shall be liable for its failure to perform this Lease or for any loss, injury, damage or delay of any nature whatsoever resulting from or caused by an act of God, fire, flood, accident, strike, labor dispute, riot, insurrection, war, law, regulation, or any other cause beyond such party's control; provided, however, that Lessee shall not be excused for any such reason from its obligation to pay rent in a timely manner as provided herein.

15. Risk of Loss. Lessee bears all risk of loss or damage to the Hangar and any property stored within the Hangar, whether caused by fire, water, earthquake, theft, terrorism, or any other risk. County shall not provide insurance for the Hangar or any property stored therein. Lessee acknowledges that insurance is available from independent insurance companies to protect Lessee in the event of damage or loss.

16. Environmental Responsibilities of Lessee.

16a. Environmental Removal and Disposal. Lessee shall be responsible for the proper removal and disposal of all Hazardous Materials and Toxic Substances, as defined herein, generated by Lessee as a result of Lessee's activities in, on and from the Premises or the Airport, whether during the term or following expiration or termination of this Lease. Lessee shall ensure that removal of such materials and substances from the Hangar and the Airport is accomplished in accordance with Airport, local, state and federal guidelines. Additionally, environmental contamination caused or permitted by Lessee, which impacts the Premises or the Airport as a result of Lessee's improper handling, disposal, release or leakage of any Hazardous Materials and Toxic Substances while utilizing the Premises or Airport shall be the sole responsibility of Lessee. For purposes of this Section 16, "Hazardous Materials and Toxic Substances" shall mean any hazardous or toxic substances, materials, wastes, pollutants or contaminants, as defined, listed or regulated now or in the future by any federal, state or local law, rule, regulation, ordinance, statute or order or by common law decision, including, without limitation, petroleum products or byproducts.

16b. Environmental Indemnification. Lessee shall indemnify, defend and hold harmless County (inclusive of its subsidiaries, affiliates, as now or hereafter constituted) and its officers, directors, agents, employees, and contractors, from and against any and all claims (including, without limitation, third party claims from bodily injury or real or personal property damage), actions, administrative proceedings (including information proceedings), judgments, damages, punitive damages, penalties, fines, taxes and

County of Siskiyou – Airport Ground Lease

assessments, liabilities (including sums paid in settlement of claims), interest, impairments, losses, fees and expenses (including attorney's fees and expenses incurred in enforcing this provision or collecting any sums due hereunder), consultant and expert fees, together with all other costs and expenses of any kind or nature, including any and all expenses of cleaning up or disposing of any such Hazardous Materials and Toxic Substances arising from or caused by Lessee's use of the Premises or the Airport or Lessee's failure to perform the covenants of this Section 16 ("Environmental Damages"). Lessee shall have no responsibility for any Environmental Damages which preceded the Commencement Date of this Lease. The obligations, covenants and agreements of Lessee contained in this Section 16 shall survive expiration or termination of this Lease for any reason.

17. Entry to Hangar; County Repairs. Lessee consents to County's entry onto the Premises and the Hangar, without notice to Lessee, in the case of an emergency which, in County's reasonable determination, poses an imminent health or safety threat to any person or property. Lessee further consents to County's entry onto the Premises and the Hangar if, within twenty-one (21) days following written notice to Lessee of any breach of Section 13 of this Lease relating to casualty, such breach has not been remedied by Lessee. In such event, County shall be entitled to repair, replace, or otherwise remedy any such breach, the cost for which shall be paid by Lessee within ten (10) days of written notice thereof. Under all other circumstances, including inspection to ensure compliance with the terms and provisions of this Lease, Lessee further consents to County's entry onto the Premises and the Hangar with seventy-two (72) hours advance notice by email, or, in the event email notification is unavailable, by mail or by telephone (provided that County actually speaks to Lessee or its authorized representative), as provided in Section 24 herein. County shall further endeavor to schedule such entry onto the Premises and Hangar for a time when Lessee is available to be present.

18. Subordination. This Lease is subject and subordinate to the following:

18a. County reserves the right to develop and improve the Airport as it sees fit, regardless of the desires or views of Lessee, and without interference or hindrance by or on behalf of Lessee, provided Lessee is not deprived of the use or access to the Premises or any of Lessee's rights under this Lease.

18b. County reserves the right to take any action it considers necessary to protect the aerial approaches to the Airport against obstruction, together with the right to prevent Lessee from erecting or permitting to be erected any building or other structure on the Airport which would limit the usefulness of the Airport or constitute a hazard to aircraft.

18c. County reserves the right, but shall not be obligated to Lessee, to maintain and keep in repair the landing area of the Airport and all publicly owned facilities of the Airport, together with the right to direct and control all activities of Lessee in this regard.

18d. This Lease is and shall be subordinate to the provisions of existing and future

County of Siskiyou – Airport Ground Lease

agreements and assurances between County and the United States, the Federal Aviation Administration, or the State of California relative to the operation or maintenance of the Airport, the execution of which has been or may be required as a condition precedent to the obtaining or expenditure of federal funds, state funds, services, or property for the benefit of the Airport.

18e. During national emergency, County shall have the right to lease all or any part of the landing area or the Airport to the United States or the State of California for military use, and if any such lease is executed, the provisions of this Lease insofar as they may be inconsistent with the provisions of such lease to the government, shall be suspended, but such suspension shall not extend the term of this Lease. Abatement of rentals shall be reasonably determined by the County in proportion to the degree of interference with Lessee's use of the Premises.

18f. Except to the extent required for the performance of any obligations of Lessee hereunder, nothing contained in this Lease shall grant to Lessee any rights whatsoever in the airspace above the Premises other than those reasonably necessary to Lessee's enjoyment of the Premises and which are consistent with Federal Aviation Administration rules, regulations and orders currently or subsequently effective.

18g. Exhibit D – Siskiyou County Code – Title 2. – Chapter 1

CHAPTER 1. - AIRPORTS*

Sec. 2-1.01. - Management.

The administrative functions of maintaining and operating airports and airport properties which the County has acquired and such other airports as the County may from time to time acquire in the future by Title or lease of shall be provided by the Department of Public Works, Transportation Division.

2-1.02. - (Repealed)

Sec. 2-1.03. - Findings and purpose.

The County finds that:

- (a) The County owns and operates a system of airports which includes Siskiyou County Airport, Weed Airport, Happy Camp Airport, Scott Valley Airport, Butte Valley Airport, which are used for the taking off, landing, operation and storage of aircraft, and the conduct of businesses supporting aviation activities; and
- (b) The Airports promote a strong economic base for the community, assist and encourage world trade opportunities, and are of vital importance to the health, safety, and welfare of the State of California; and
- (c) It is essential that the airports remain financially self-sufficient to perform their transportation role in the community and to provide the community with cost effective aviation facilities; and
- (d) The revenues received from users of the airports are vital to the economic well-being of the airports; and
- (e) The County will incur substantial expenditure for capital investment, operation, maintenance, and development of the facilities at the airports to meet the future demand for airport services to accommodate the air transport of persons and cargo; and
- (f) Siskiyou County Airport, Weed Airport, Happy Camp Airport, Scott Valley Airport, Butte Valley Airport, have sustained net losses throughout their respective periods of operation by the County, and have never produced revenues sufficient to offset the County's operating and capital costs for aeronautical assets in use at such airports; and
- (g) Fuel flowage fees imposed on the delivery of fuel at the airports currently paid by certain aviation tenants have not been sufficient to offset the County's costs of providing airfield assets and services at the airports; and
- (h) As a recipient of financial assistance from the United States Government for development of the airports, the County is required, pursuant to 49 USC § 47107, to maintain a schedule of charges for use of facilities and services at the airports that will

Exhibit D – Siskiyou County Code – Title 2. – Chapter 1

make the airports as self-sustaining as possible under the circumstances existing at the Airport, including volume of traffic and economy of collection; and

- (i) Pursuant to 49 USC § 47107, the County is required to make the airports available for public use on reasonable conditions and without unjust discrimination; and
- (j) The Federal Aviation Administration (FAA) has directed airports to ensure that rates, fees, rentals, landing fees, and other service charges imposed on aeronautical users of the airports for aeronautical uses are fair and reasonable and, unless otherwise agreed to by the affected aeronautical users, do not exceed the costs of providing airfield assets and services currently in aeronautical use at the airports; and
- (k) The FAA has further directed that airport fees should be established using a consistent methodology for comparable aeronautical users, that fees imposed on a group of aeronautical users should not exceed the costs allocated to that user group, that reasonable distinctions may be made among aeronautical users, and that differing charges may be imposed on categories of aeronautical users based on those distinctions; and
- (l) The State Aeronautics Act (California Public Utilities Code § 21001 et seq.) (the "Act") authorizes the County to operate and maintain airports and collect charges for the use of such facilities. The Act further authorizes the County to provide by regulation for charges, fees, and tolls for the use of the airports and civil penalties for the violations of such regulations; and
- (m) In order to raise revenue for purposes of making the airports as self-sustaining as possible under the circumstances existing at the airport and maintaining, operating, and developing the airports for the convenience of aviation users and the traveling public, and to preserve existing revenues, protect the public, preserve order, provide for the public health, safety and welfare, enhance the welfare of the County, and govern use of airport property, it is necessary to adopt and implement the fees specified in this chapter to be paid by persons utilizing the airports for aviation purposes; and
- (n) Because commercial aircraft operators and commercial aeronautical users derive revenues from using the airports for commercial purposes, it is fair and reasonable that commercial aircraft operators and commercial aeronautical users contribute to a greater degree than non-revenue generating users toward the maintenance, operation, and continued development of the airports and making the airports self-sustaining, and that such greater contribution by commercial aircraft operators and commercial aeronautical users does not unjustly discriminate against this group of Airport users; and
- (o) Because large aircraft make greater demands on runways, taxiways, and other Airport facilities, which requires greater maintenance, operating, and capital expenditures by the County to permit such continued use for the airports by such large aircraft, a

Exhibit D – Siskiyou County Code – Title 2. – Chapter 1

landing fee imposed on operators of such large Aircraft does not unjustly discriminate against this group of Airport users; and

- (p) It is customary for airports that charge landing fees to base the fees on landed weight of aircraft, and to exclude from the landing fee requirement aircraft below a minimum landed weight; and
- (q) The operation of fuel transportation vehicles on the airports without appropriate environmental and safety precautions poses a threat to the health, economic vitality, and safety of persons living in the community, the State of California, and other citizens utilizing the airports, and exposes the County to potential liability for environmental cleanup and remediation; and
- (r) In order to protect the public, to provide for public safety, and to preserve the good order of the County, it is necessary to enact and provide for implementation of standards, controls, and procedures for operation of fuel transportation vehicles on the airports.

Sec. 2-1.04. - Purpose.

Specific Assurances

Specific assurances required to be included in grant agreements by any of the above laws, regulations or circulars are incorporated by reference in this grant agreement.

Footnotes to Assurance C.1.

- ¹ These laws do not apply to airport planning sponsors.
- ² These laws do not apply to private sponsors.
- ³ 49 CFR Part 18 and 2 CFR Part 200 contain requirements for State and Local Governments receiving Federal assistance. Any requirement levied upon State and Local Governments by this regulation and circular shall also be applicable to private sponsors receiving Federal assistance under Title 49, United States Code.
- ⁴ On December 26, 2013 at 78 FR 78590, the Office of Management and Budget (OMB) issued the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR Part 200. 2 CFR Part 200 replaces and combines the former Uniform Administrative Requirements for Grants (OMB Circular A-102 and Circular A-110 or 2 CFR Part 215 or Circular) as well as the Cost Principles (Circulars A-21 or 2 CFR part 220; Circular A-87 or 2 CFR part 225; and A-122, 2 CFR part 230). Additionally it replaces Circular A-133 guidance on the Single Annual Audit. In accordance with 2 CFR section 200.110, the standards set forth in Part 200 which affect administration of Federal awards issued by Federal agencies become effective once implemented by Federal agencies or when any future amendment to this Part becomes final. Federal agencies, including the Department of Transportation, must implement the policies and procedures applicable to Federal awards by promulgating a regulation to be effective by December 26, 2014 unless different provisions are required by statute or approved by OMB.

⁵ Cost principles established in 2 CFR part 200 subpart E must be used as guidelines for determining the eligibility of specific types of expenses.

⁶ Audit requirements established in 2 CFR part 200 subpart F are the guidelines for audits.

2. Responsibility and Authority of the Sponsor.

a. Public Agency Sponsor:

It has legal authority to apply for this grant, and to finance and carry out the proposed project; that a resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.

b. Private Sponsor:

It has legal authority to apply for this grant and to finance and carry out the proposed project and comply with all terms, conditions, and assurances of this grant agreement. It shall designate an official representative and shall in writing direct and authorize that person to file this application, including all understandings and assurances contained therein; to act in connection with this application; and to provide such additional information as may be required.

5. Preserving Rights and Powers.

a. It will not take or permit any action which would operate to deprive it of any of the rights and powers necessary to perform any or all of the terms, conditions, and assurances in this grant agreement without the written approval of the Secretary, and will act promptly to acquire, extinguish or modify any outstanding rights or claims of right of others which would interfere with such performance by the sponsor. This shall be done in a manner acceptable to the Secretary.

- b. It will not sell, lease, encumber, or otherwise transfer or dispose of any part of its title or other interests in the property shown on Exhibit A to this application or, for a noise compatibility program project, that portion of the property upon which Federal funds have been expended, for the duration of the terms, conditions, and assurances in this grant agreement without approval by the Secretary. - c. For all noise compatibility program projects which are to be carried out by another unit of local government or are on property owned by a unit of local government other than the sponsor, it will enter into an agreement with that government. - f. If an arrangement is made for management and operation of the airport by any agency or person other than the sponsor or an employee of the sponsor, the sponsor will reserve sufficient rights and authority to insure that the airport will be operated and maintained in accordance Title 49, United States Code, the regulations and the terms, conditions and assurances in this grant agreement and shall insure that such arrangement also requires compliance therewith.
- g. Sponsors of commercial service airports will not permit or enter into any arrangement that results in permission for the owner or tenant of a property used as a residence, or zoned for residential use, to taxi an aircraft between that property and any location on airport. Sponsors of general aviation airports entering into any arrangement that results in permission for the owner of residential real property adjacent to or near the airport must comply with the requirements of Sec. 136 of Public Law 112-95 and the sponsor assurances.

21. Compatible Land Use.

It will take appropriate action, to the extent reasonable, including the adoption of zoning laws, to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including landing and takeoff of aircraft. In addition, if the project is for noise compatibility program implementation, it will not cause or permit any change in land use, within its jurisdiction, that will reduce its compatibility, with respect to the airport, of the noise compatibility program measures upon which Federal funds have been expended.

22. Economic Nondiscrimination.

- a. It will make the airport available as an airport for public use on reasonable terms and without unjust discrimination to all types, kinds and classes of aeronautical activities, including commercial aeronautical activities offering services to the public at the airport.
- b. In any agreement, contract, lease, or other arrangement under which a right or privilege at the airport is granted to any person, firm, or corporation to conduct or

to engage in any aeronautical activity for furnishing services to the public at the airport, the sponsor will insert and enforce provisions requiring the contractor to-

- 1) furnish said services on a reasonable, and not unjustly discriminatory, basis to all users thereof, and
 - 2) charge reasonable, and not unjustly discriminatory, prices for each unit or service, provided that the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.
- c. Each fixed-based operator at the airport shall be subject to the same rates, fees, rentals, and other charges as are uniformly applicable to all other fixed-based operators making the same or similar uses of such airport and utilizing the same or similar facilities.
 - d. Each air carrier using such airport shall have the right to service itself or to use any fixed-based operator that is authorized or permitted by the airport to serve any air carrier at such airport.
 - e. Each air carrier using such airport (whether as a tenant, non-tenant, or subtenant of another air carrier tenant) shall be subject to such nondiscriminatory and substantially comparable rules, regulations, conditions, rates, fees, rentals, and other charges with respect to facilities directly and substantially related to providing air transportation as are applicable to all such air carriers which make similar use of such airport and utilize similar facilities, subject to reasonable classifications such as tenants or non-tenants and signatory carriers and non-signatory carriers. Classification or status as tenant or signatory shall not be unreasonably withheld by any airport provided an air carrier assumes obligations substantially similar to those already imposed on air carriers in such classification or status.
 - f. It will not exercise or grant any right or privilege which operates to prevent any person, firm, or corporation operating aircraft on the airport from performing any services on its own aircraft with its own employees [including, but not limited to maintenance, repair, and fueling] that it may choose to perform.
 - g. In the event the sponsor itself exercises any of the rights and privileges referred to in this assurance, the services involved will be provided on the same conditions as would apply to the furnishing of such services by commercial aeronautical service providers authorized by the sponsor under these provisions.
 - h. The sponsor may establish such reasonable, and not unjustly discriminatory, conditions to be met by all users of the airport as may be necessary for the safe and efficient operation of the airport.
 - i. The sponsor may prohibit or limit any given type, kind or class of aeronautical use of the airport if such action is necessary for the safe operation of the airport or necessary to serve the civil aviation needs of the public.

23. Exclusive Rights.

It will permit no exclusive right for the use of the airport by any person providing, or intending to provide, aeronautical services to the public. For purposes of this paragraph, the providing of the services at an airport by a single fixed-based operator shall not be construed as an exclusive right if both of the following apply:

- a. It would be unreasonably costly, burdensome, or impractical for more than one fixed-based operator to provide such services, and
- b. If allowing more than one fixed-based operator to provide such services would require the reduction of space leased pursuant to an existing agreement between such single fixed-based operator and such airport. It further agrees that it will not, either directly or indirectly, grant or permit any person, firm, or corporation, the exclusive right at the airport to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity, and that it will terminate any exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under Title 49, United States Code.

24. Fee and Rental Structure.

It will maintain a fee and rental structure for the facilities and services at the airport which will make the airport as self-sustaining as possible under the circumstances existing at the particular airport, taking into account such factors as the volume of traffic and economy of collection. No part of the Federal share of an airport development, airport planning or noise compatibility project for which a grant is made under Title 49, United States Code, the Airport and Airway Improvement Act of 1982, the Federal Airport Act or the Airport and Airway Development Act of 1970 shall be included in the rate basis in establishing fees, rates, and charges for users of that airport.

25. Airport Revenues.

- a. All revenues generated by the airport and any local taxes on aviation fuel established after December 30, 1987, will be expended by it for the capital or operating costs of the airport; the local airport system; or other local facilities which are owned or operated by the owner or operator of the airport and which are directly and substantially related to the actual air transportation of passengers or property; or for noise mitigation purposes on or off the airport. The following exceptions apply to this paragraph:
 - 1) If covenants or assurances in debt obligations issued before September 3, 1982, by the owner or operator of the airport, or provisions enacted before September 3, 1982, in governing statutes controlling the owner or operator's financing, provide for the use of the revenues from any of the airport owner or

operator's facilities, including the airport, to support not only the airport but also the airport owner or operator's general debt obligations or other facilities, then this limitation on the use of all revenues generated by the airport (and, in the case of a public airport, local taxes on aviation fuel) shall not apply.

- 2) If the Secretary approves the sale of a privately owned airport to a public sponsor and provides funding for any portion of the public sponsor's acquisition of land, this limitation on the use of all revenues generated by the sale shall not apply to certain proceeds from the sale. This is conditioned on repayment to the Secretary by the private owner of an amount equal to the remaining unamortized portion (amortized over a 20-year period) of any airport improvement grant made to the private owner for any purpose other than land acquisition on or after October 1, 1996, plus an amount equal to the federal share of the current fair market value of any land acquired with an airport improvement grant made to that airport on or after October 1, 1996.
 - 3) Certain revenue derived from or generated by mineral extraction, production, lease, or other means at a general aviation airport (as defined at Section 47102 of title 49 United States Code), if the FAA determines the airport sponsor meets the requirements set forth in Sec. 813 of Public Law 112-95.
- b. As part of the annual audit required under the Single Audit Act of 1984, the sponsor will direct that the audit will review, and the resulting audit report will provide an opinion concerning, the use of airport revenue and taxes in paragraph (a), and indicating whether funds paid or transferred to the owner or operator are paid or transferred in a manner consistent with Title 49, United States Code and any other applicable provision of law, including any regulation promulgated by the Secretary or Administrator.
 - c. Any civil penalties or other sanctions will be imposed for violation of this assurance in accordance with the provisions of Section 47107 of Title 49, United States Code.

26. Reports and Inspections.

It will:

- a. submit to the Secretary such annual or special financial and operations reports as the Secretary may reasonably request and make such reports available to the public; make available to the public at reasonable times and places a report of the airport budget in a format prescribed by the Secretary;
- b. for airport development projects, make the airport and all airport records and documents affecting the airport, including deeds, leases, operation and use agreements, regulations and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request;
- c. for noise compatibility program projects, make records and documents relating to the project and continued compliance with the terms, conditions, and assurances of this grant agreement including deeds, leases, agreements, regulations, and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request; and

- d. in a format and time prescribed by the Secretary, provide to the Secretary and make available to the public following each of its fiscal years, an annual report listing in detail:
 - 1) all amounts paid by the airport to any other unit of government and the purposes for which each such payment was made; and
 - 2) all services and property provided by the airport to other units of government and the amount of compensation received for provision of each such service and property.

27. Use by Government Aircraft.

It will make available all of the facilities of the airport developed with Federal financial assistance and all those usable for landing and takeoff of aircraft to the United States for use by Government aircraft in common with other aircraft at all times without charge, except, if the use by Government aircraft is substantial, charge may be made for a reasonable share, proportional to such use, for the cost of operating and maintaining the facilities used. Unless otherwise determined by the Secretary, or otherwise agreed to by the sponsor and the using agency, substantial use of an airport by Government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the Secretary, would unduly interfere with use of the landing areas by other authorized aircraft, or during any calendar month that –

- a. Five (5) or more Government aircraft are regularly based at the airport or on land adjacent thereto; or
- b. The total number of movements (counting each landing as a movement) of Government aircraft is 300 or more, or the gross accumulative weight of Government aircraft using the airport (the total movement of Government aircraft multiplied by gross weights of such aircraft) is in excess of five million pounds.

28. Land for Federal Facilities.

It will furnish without cost to the Federal Government for use in connection with any air traffic control or air navigation activities, or weather-reporting and communication activities related to air traffic control, any areas of land or water, or estate therein, or rights in buildings of the sponsor as the Secretary considers necessary or desirable for construction, operation, and maintenance at Federal expense of space or facilities for such purposes. Such areas or any portion thereof will be made available as provided herein within four months after receipt of a written request from the Secretary.

29. Airport Layout Plan.

- a. It will keep up to date at all times an airport layout plan of the airport showing
 - 1) boundaries of the airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the sponsor for airport purposes and proposed additions thereto;
 - 2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and

- roads), including all proposed extensions and reductions of existing airport facilities;
- 3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon; and
 - 4) all proposed and existing access points used to taxi aircraft across the airport's property boundary. Such airport layout plans and each amendment, revision, or modification thereof, shall be subject to the approval of the Secretary which approval shall be evidenced by the signature of a duly authorized representative of the Secretary on the face of the airport layout plan. The sponsor will not make or permit any changes or alterations in the airport or any of its facilities which are not in conformity with the airport layout plan as approved by the Secretary and which might, in the opinion of the Secretary, adversely affect the safety, utility or efficiency of the airport.
- b. If a change or alteration in the airport or the facilities is made which the Secretary determines adversely affects the safety, utility, or efficiency of any federally owned, leased, or funded property on or off the airport and which is not in conformity with the airport layout plan as approved by the Secretary, the owner or operator will, if requested, by the Secretary (1) eliminate such adverse effect in a manner approved by the Secretary; or (2) bear all costs of relocating such property (or replacement thereof) to a site acceptable to the Secretary and all costs of restoring such property (or replacement thereof) to the level of safety, utility, efficiency, and cost of operation existing before the unapproved change in the airport or its facilities except in the case of a relocation or replacement of an existing airport facility due to a change in the Secretary's design standards beyond the control of the airport sponsor.

30. Civil Rights.

It will promptly take any measures necessary to ensure that no person in the United States shall, on the grounds of race, creed, color, national origin, sex, age, or disability be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in any activity conducted with, or benefiting from, funds received from this grant.

- a. Using the definitions of activity, facility and program as found and defined in §§ 21.23 (b) and 21.23 (e) of 49 CFR § 21, the sponsor will facilitate all programs, operate all facilities, or conduct all programs in compliance with all non-discrimination requirements imposed by, or pursuant to these assurances.
- b. Applicability
 - 1) Programs and Activities. If the sponsor has received a grant (or other federal assistance) for any of the sponsor's program or activities, these requirements extend to all of the sponsor's programs and activities.
 - 2) Facilities. Where it receives a grant or other federal financial assistance to construct, expand, renovate, remodel, alter or acquire a facility, or part of a facility, the assurance extends to the entire facility and facilities operated in connection therewith.

- 3) Real Property. Where the sponsor receives a grant or other Federal financial assistance in the form of, or for the acquisition of real property or an interest in real property, the assurance will extend to rights to space on, over, or under such property.

c. Duration.

The sponsor agrees that it is obligated to this assurance for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the assurance obligates the sponsor, or any transferee for the longer of the following periods:

- 1) So long as the airport is used as an airport, or for another purpose involving the provision of similar services or benefits; or
- 2) So long as the sponsor retains ownership or possession of the property.

d. Required Solicitation Language. It will include the following notification in all solicitations for bids, Requests For Proposals for work, or material under this grant agreement and in all proposals for agreements, including airport concessions, regardless of funding source:

“The **(Name of Sponsor)**, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that any contract entered into pursuant to this advertisement, disadvantaged business enterprises and airport concession disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.”

e. Required Contract Provisions.

- 1) It will insert the non-discrimination contract clauses requiring compliance with the acts and regulations relative to non-discrimination in Federally-assisted programs of the DOT, and incorporating the acts and regulations into the contracts by reference in every contract or agreement subject to the non-discrimination in Federally-assisted programs of the DOT acts and regulations.
- 2) It will include a list of the pertinent non-discrimination authorities in every contract that is subject to the non-discrimination acts and regulations.
- 3) It will insert non-discrimination contract clauses as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a sponsor.
- 4) It will insert non-discrimination contract clauses prohibiting discrimination on the basis of race, color, national origin, creed, sex, age, or handicap as a

covenant running with the land, in any future deeds, leases, license, permits, or similar instruments entered into by the sponsor with other parties:

- a) For the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
 - b) For the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
- f. It will provide for such methods of administration for the program as are found by the Secretary to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the acts, the regulations, and this assurance.
- g. It agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the acts, the regulations, and this assurance.

31. Disposal of Land.

- a. For land purchased under a grant for airport noise compatibility purposes, including land serving as a noise buffer, it will dispose of the land, when the land is no longer needed for such purposes, at fair market value, at the earliest practicable time. That portion of the proceeds of such disposition which is proportionate to the United States' share of acquisition of such land will be, at the discretion of the Secretary, (1) reinvested in another project at the airport, or (2) transferred to another eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order, (1) reinvestment in an approved noise compatibility project, (2) reinvestment in an approved project that is eligible for grant funding under Section 47117(e) of title 49 United States Code, (3) reinvestment in an approved airport development project that is eligible for grant funding under Sections 47114, 47115, or 47117 of title 49 United States Code, (4) transferred to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport, and (5) paid to the Secretary for deposit in the Airport and Airway Trust Fund. If land acquired under a grant for noise compatibility purposes is leased at fair market value and consistent with noise buffering purposes, the lease will not be considered a disposal of the land. Revenues derived from such a lease may be used for an approved airport development project that would otherwise be eligible for grant funding or any permitted use of airport revenue.
- b. For land purchased under a grant for airport development purposes (other than noise compatibility), it will, when the land is no longer needed for airport purposes, dispose of such land at fair market value or make available to the Secretary an amount equal to the United States' proportionate share of the fair market value of the land. That portion of the proceeds of such disposition which is proportionate to the United States' share of the cost of acquisition of such land will, (1) upon application to the Secretary, be reinvested or transferred to another

eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order: (1) reinvestment in an approved noise compatibility project, (2) reinvestment in an approved project that is eligible for grant funding under Section 47117(e) of title 49 United States Code, (3) reinvestment in an approved airport development project that is eligible for grant funding under Sections 47114, 47115, or 47117 of title 49 United States Code, (4) transferred to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport, and (5) paid to the Secretary for deposit in the Airport and Airway Trust Fund.

- c. Land shall be considered to be needed for airport purposes under this assurance if (1) it may be needed for aeronautical purposes (including runway protection zones) or serve as noise buffer land, and (2) the revenue from interim uses of such land contributes to the financial self-sufficiency of the airport. Further, land purchased with a grant received by an airport operator or owner before December 31, 1987, will be considered to be needed for airport purposes if the Secretary or Federal agency making such grant before December 31, 1987, was notified by the operator or owner of the uses of such land, did not object to such use, and the land continues to be used for that purpose, such use having commenced no later than December 15, 1989.
- d. Disposition of such land under (a) (b) or (c) will be subject to the retention or reservation of any interest or right therein necessary to ensure that such land will only be used for purposes which are compatible with noise levels associated with operation of the airport.

32. Engineering and Design Services.

It will award each contract, or sub-contract for program management, construction management, planning studies, feasibility studies, architectural services, preliminary engineering, design, engineering, surveying, mapping or related services with respect to the project in the same manner as a contract for architectural and engineering services is negotiated under Title IX of the Federal Property and Administrative Services Act of 1949 or an equivalent qualifications-based requirement prescribed for or by the sponsor of the airport.

33. Foreign Market Restrictions.

It will not allow funds provided under this grant to be used to fund any project which uses any product or service of a foreign country during the period in which such foreign country is listed by the United States Trade Representative as denying fair and equitable market opportunities for products and suppliers of the United States in procurement and construction.

34. Policies, Standards, and Specifications.

It will carry out the project in accordance with policies, standards, and specifications approved by the Secretary including but not limited to the advisory circulars listed in the Current FAA Advisory Circulars for AIP projects, dated _____ (the latest approved version as of this grant offer) and included in this grant, and in accordance

with applicable state policies, standards, and specifications approved by the Secretary.

35. Relocation and Real Property Acquisition.

- a. It will be guided in acquiring real property, to the greatest extent practicable under State law, by the land acquisition policies in Subpart B of 49 CFR Part 24 and will pay or reimburse property owners for necessary expenses as specified in Subpart B.
- b. It will provide a relocation assistance program offering the services described in Subpart C and fair and reasonable relocation payments and assistance to displaced persons as required in Subpart D and E of 49 CFR Part 24.
- c. It will make available within a reasonable period of time prior to displacement, comparable replacement dwellings to displaced persons in accordance with Subpart E of 49 CFR Part 24.

36. Access By Intercity Buses.

The airport owner or operator will permit, to the maximum extent practicable, intercity buses or other modes of transportation to have access to the airport; however, it has no obligation to fund special facilities for intercity buses or for other modes of transportation.

37. Disadvantaged Business Enterprises.

The sponsor shall not discriminate on the basis of race, color, national origin or sex in the award and performance of any DOT-assisted contract covered by 49 CFR Part 26, or in the award and performance of any concession activity contract covered by 49 CFR Part 23. In addition, the sponsor shall not discriminate on the basis of race, color, national origin or sex in the administration of its DBE and ACDBE programs or the requirements of 49 CFR Parts 23 and 26. The sponsor shall take all necessary and reasonable steps under 49 CFR Parts 23 and 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts, and/or concession contracts. The sponsor's DBE and ACDBE programs, as required by 49 CFR Parts 26 and 23, and as approved by DOT, are incorporated by reference in this agreement. Implementation of these programs is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the sponsor of its failure to carry out its approved program, the Department may impose sanctions as provided for under Parts 26 and 23 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1936 (31 U.S.C. 3801).

38. Hangar Construction.

If the airport owner or operator and a person who owns an aircraft agree that a hangar is to be constructed at the airport for the aircraft at the aircraft owner's expense, the airport owner or operator will grant to the aircraft owner for the hangar a long term lease that is subject to such terms and conditions on the hangar as the airport owner or operator may impose.

39. Competitive Access.

- a. If the airport owner or operator of a medium or large hub airport (as defined in section 47102 of title 49, U.S.C.) has been unable to accommodate one or more requests by an air carrier for access to gates or other facilities at that airport in order to allow the air carrier to provide service to the airport or to expand service at the airport, the airport owner or operator shall transmit a report to the Secretary that-
 - 1) Describes the requests;
 - 2) Provides an explanation as to why the requests could not be accommodated; and
 - 3) Provides a time frame within which, if any, the airport will be able to accommodate the requests.
- b. Such report shall be due on either February 1 or August 1 of each year if the airport has been unable to accommodate the request(s) in the six month period prior to the applicable due date.
