Subject: Golden Eagle Charter School Use Permit

Dear, Brandon, Ed, Michael, Nancy, and Ray,

We are grandparents of our 3rd grade child who is attending GECS. He came here from a extremely challenging home and school situation. He was fortunate to enroll at GECS. His education has flourished and due to the skilled and caring staff and teachers he is doing emotionally much better and getting over his PTSD. I find the school culture to be respectful, supportive, attentive to his needs, kind in their approach,, and providing an excellent education. I feel as if they are literally saving our grandson's life. We don't know what we would have done without them.

Besides the academic curriculum they provide enrichment classes and an amazing outdoor science class which the schools outdoor environment is quite suited for. The children are learning among other things the value in taking care of the environment.

Our community needs a gifted school such as this.

Sincerely,
Rebecca Boehme and Craig Boehme
