Dear County Board of Supervisors,

I am writing to you in support of Golden Eagle Charter School. Golden Eagle provides a nurturing environment for students, facilitating their learning, while contributing positively to the community.

Its unique location surrounded by nature is one of the key reasons why Golden Eagle Charter School's site at 1030 WA Barr Rd is a perfect choice. The natural surroundings offer a peaceful and serene atmosphere, which can enhance the learning experience for students. Studies have shown that being in nature can improve mental health, reduce stress, and increase focus - all of which are crucial for student success

In a time of divisiveness, inclusion and diversity are more important than ever. Golden Eagle is committed to fostering an inclusive and diverse community, where students from all backgrounds are welcomed and valued. Our school curriculum emphasizes the importance of empathy, understanding, and mutual respect, preparing students to become responsible citizens.

Some are opposed to Golden Eagle's location/use permit and have resorted to pages of scare tactics. Rather than give reasons why the use permit should be denied, let's all work together to find viable and practical solutions to legitimate concerns.

I urge you to consider the positive impact that Golden Eagle Charter School can have on the community and future generations of students. By approving the use permit, you will help to continue to create a nurturing environment for students to thrive, learn, and grow.

Thank you for your time and consideration.

Sincerely,
William Larsen
