Director
Siskiyou County Office of Emergency Services
1312 Fairlane Road
Yreka, CA 96097

Dear Bryan Schenone:

The Federal Emergency Management Agency (FEMA) has completed its review of the 2025 Siskiyou County Hazard Mitigation Plan and has determined that the plan is eligible for final approval, pending its formal adoption by Siskiyou County and all participating jurisdictions. Please refer to the enclosed list of jurisdictions currently considered Approvable Pending Adoption (APA).

Formal adoption documentation must be submitted to FEMA Region 9 by at least one participating jurisdiction within one calendar year from the date of this letter. If no adoption is received within that timeframe, the plan must be updated and resubmitted for review.

FEMA will issue formal approval of the plan upon receipt of the adoption documentation. Once approved, all other participating jurisdictions must adopt the plan within five calendar years of the approval date. Adoption of the plan is required to maintain eligibility for funding under FEMA's Hazard Mitigation Assistance (HMA) programs. All funding requests will be evaluated individually based on the specific eligibility criteria and requirements of the applicable HMA program.

Please note that while mitigation plans may include additional content to meet Element H: Additional State Requirements or other local objectives, FEMA's APA status does not constitute review or approval of any content exceeding FEMA's standard mitigation planning requirements.

If you have any questions regarding the planning or review processes, please contact the FEMA Region 9 Hazard Mitigation Planning Team at fema-r9-mitigation-planning@fema.dhs.gov.

Sincerely,
