

## Staff Report: Proposition 50 – Redistricting Special Election (November 4, 2025)

Proposition 50 asks California voters whether to temporarily override the independent Citizens Redistricting Commission’s congressional map and adopt a new, Legislature-drawn map for the 2026–2030 elections. Critics warn that it undermines California’s fair, nonpartisan redistricting process, while supporters argue it is needed to counter partisan gerrymandering in other states. The new map would shift five Republican-held seats to heavily Democratic-leaning districts, likely affecting Siskiyou County’s congressional representation.

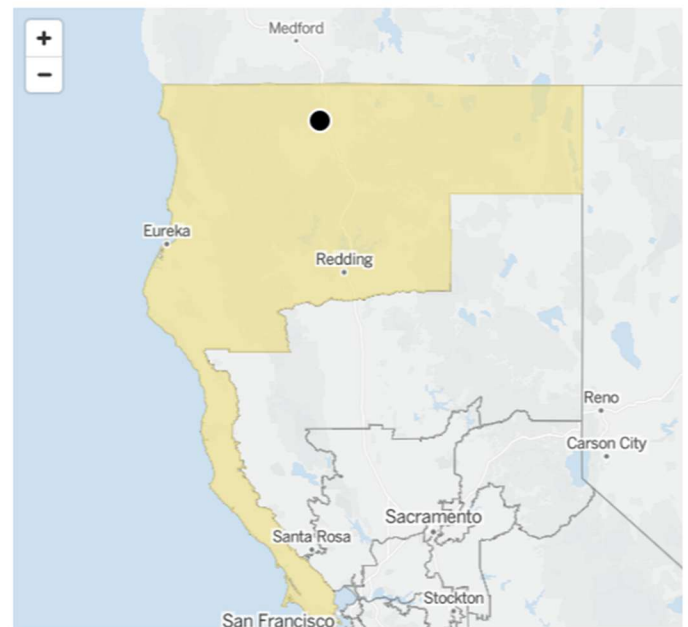

### Current: CA-1

Your district is represented by **Doug LaMalfa (R)**.

### Proposed: CA-2

Your new district would include **567,772** citizens of voting age.
