

MEMORANDUM OF UNDERSTANDING
REGIONAL JUVENILE DETENTION FACILITY USE AGREEMENT
Between County of Butte and Siskiyou County Probation Department
August 1, 2025 – June 30, 2028

This Memorandum of Understanding ("MOU") is entered into effective August 1, 2025, by and between the **County of Butte**, a political subdivision of the State of California, acting through its **Probation Department** (hereinafter "Butte"), and the **Siskiyou County Probation Department** (hereinafter "Siskiyou"), hereinafter referred to as "Parties" collectively or "Party" individually. The purpose of this MOU is to establish the terms and conditions under which Siskiyou may utilize the **Butte Juvenile Detention Facility** (the "Facility") to house juvenile detainees under the jurisdiction of the Siskiyou County juvenile court, subject to space availability.

Whereas, Siskiyou has a need for the use of a juvenile detention facility and desires to place youth, detained pursuant to orders of the Siskiyou County Juvenile Court, in the Facility, to the extent that excess accommodations are available; and

Whereas, Butte currently operates and maintains the Facility in the City of Oroville, located at 41 County Center Drive, which may have space in excess of its own needs;

Now, therefore, in consideration of the services to be rendered, the sums to be paid, and the mutual covenants and conditions contained herein, the Parties agree as follows:

Novation

Through the act of Novation, Butte and Siskiyou desire to discharge County contract R42369, and the parties now mutually agree to replace all obligations of the prior agreement, without recourse, with the valid terms, conditions, and consideration contained herein.

1. Services Provided

Butte shall provide housing in the Facility for Siskiyou youth upon acceptance and subject to the availability of space. All accepted Siskiyou youth shall receive the same accommodations and services provided to Butte youth in accordance with applicable federal, state, and local laws and regulations. Services include access to education, medical care, mental health care, and dental care, as arranged and authorized by Siskiyou. Dental care is limited to pain management, treatment of injuries, and conditions potentially leading to malignancy during prolonged detention.

Butte may provide emergency medical, dental, and mental health services without prior authorization from Siskiyou. Siskiyou shall be responsible for the cost of any medical, dental, or mental health services not included in routine care provided to Butte youth.

a. Detention Program

The Detention Program provides supervision and care for youth detained for new offenses who are awaiting a Dispositional Hearing. During this period, youth are assessed

to determine the most appropriate services and interventions needed to support their rehabilitation and inform judicial decisions regarding their future care and supervision.

b. Camp Condor

Camp Condor is a court-ordered, up to six-month rehabilitative program for juvenile offenders, emphasizing accountability and personal achievement. The program follows a structured, phase-based approach designed to prepare youth for successful reintegration into the community. Key elements include counseling, life skills development, and behavior modification, with a focus on reducing recidivism through personal responsibility and goal-setting.

c. Secure Track – Commitment to Success Program (CSP)

The Commitment to Success Program (CSP) serves male youth ages 14 to 25 who were eligible for commitment to the Division of Juvenile Justice (DJJ) prior to its closure and shall further be defined as persons who are adjudicated to be a ward of the juvenile court based on an offense described in subdivision (b) of Section 707 or an offense described in Section 290.008 of the Penal Code, pursuant to WIC 1990(b). CSP focuses on reducing recidivism and promoting successful transitions to adulthood through collaborative case management, trauma-informed care, and evidence-based practices. Services begin immediately upon entry ("Exit upon Entry" model) and include individualized planning to address each youth's educational, employment, health, and relational goals. The program also emphasizes repairing harm to victims and communities while supporting youth and their families in making responsible and prosocial choices.
