If the County and Lessee cannot reach an agreement with regard to the terms of the lease for the renewal period prior to the date of expiration of the lease, the option to renew shall expire and Lessee shall vacate the premises unless the parties agree prior to the expiration of the lease to extend the time within which to reach an agreement with regard to the terms of the lease for the renewal period.

There may be only one Sub-lessee at a time and Sub-lessee does not have the right to sublease or assign its Sublease and cannot have a co-tenancy.

The Sub-lessee must be owner or part owner of any aircraft stored on the Premises and at the Premises site as evidenced by a valid FAA Aircraft Registration Certificate.

3. Utilities and Services. 4. The name, street address and telephone number of the County whom the Lessee may contact to respond to the notice.

If a Preliminary Lien Notice of the type set forth above has been sent, and the total sum due has not been paid as of the date specified in the notice, then a lien imposed by the California Self-Service Storage Facility Act, Business & Professions Code Section 21700, et seq., shall be attached as of the date specified, and the County may deny Lessee access to the Premises, enter the Hangar, and remove any property found therein to a place of safekeeping. 6b. Maintenance of Hangar: Lessee shall maintain the leased Premises and surrounding grounds in a neat and orderly condition. This includes trash disposal, landscaping, weed removal, painting, wiring and structural repairs as necessary. Lessee shall keep the Premises area clean and clear of debris, oil, grease and/or toxic chemicals. Lessee agrees to maintain the hangar in a clean and orderly condition at all times, and in accordance with California Department of Industrial Safety and Fire Codes which may apply to aircraft hangar storage and other applicable federal, state and local laws and ordinances. Lessee shall be responsible for clean-up and maintenance due to fuel or oil spills. Lessee shall become familiar with and shall at all times abide by all of County's rules and regulations related to use of the Hangar and the use of any of County's other facilities, whether promulgated before or after the execution of this Lease, and in particular Lessee shall abide by the following regulations (please initial next to each line):

DE F. No boxes, crates, rubbish, paper or other liter that could cause or support combustion shall be permitted to accumulate within or about the Premises.

Lessee shall be responsible for all damage to the leased premises caused by Lessee's acts or negligence, not to exclude repair of apron in front of Lessee's hangar due to fuel spillage. 6c. Use of Premises: The Premises is not to be used as a commercial business in anyway. Lessee shall request in writing permission from the County prior to conducting any painting activities on the premises or at the Airport. Lessee shall take steps to ensure that the performance of any maintenance work conducted on the Premises shall not damage the Premises. Lessee shall control the conduct and demeanor of its invitees, in and around the Premises and shall take all steps necessary to remove persons whom County may for good and sufficient cause deem objectionable.

6d. Expiration or Termination of This Lease: Upon the expiration or termination of this Lease, Lessee shall surrender the Premises to the County in substantially the same condition as the Premises was in at the beginning of this Lease and in good and clean condition, reasonable wear and tear excepted. Lessee shall be liable for any and all damage to the Premises caused by Lessee's use including, but not limited to damage to unsealed floors and/or apron immediately adjacent to Premises due to fuel or oil spillage, contamination from hazardous materials due to Lessee's improper or negligent operation. Should Lessee remain in possession of the Premises after the expiration of the term or earlier termination of this Lease, with or without the consent of the County, express or implied, such holding over shall, in the absence of a written agreement to the contrary, be deemed to have created and be construed to be a tenancy at sufferance terminable on written notice by County to Lessee, at double the rent installments (prorated on a monthly basis) in effect during the lease year immediately preceding the expiration of the term of this Lease, and otherwise subject to all of the other terms, covenants and conditions of this Lease insofar as the same may be applicable to a tenancy at sufferance, without prejudice to any remedy which County may have against Lessee for holding over unlawfully, provided, however, that if Lessee holds over with the prior written consent of County, the rent installments will not be doubled as herein above provided.

6e. Lessee's Responsibility for Conduct: Lessee shall indemnify and hold harmless County (inclusive of its subsidiaries, affiliates, as now or hereafter constituted) and its officers, directors, agents, Lessees, customers, contractors, subcontractors, invitees and employees from and against any and all fines penalties, damages or legal actions which may be imposed by the Airport, FAA or any other agency having jurisdiction at or on the Airport as a result of Lessee's or its officers, directors, agents, contractors, subcontractors, invitees or employees failure to comply and adhere to any and all federal, state, local or Airport regulations in effect as of the effective date of this Lease or promulgated from time to time thereafter.

7. Compliance with Laws and Regulations

In utilizing the Premises during the term of this Lease, Lessee agrees to comply the following:

AIRPORT GROUND LEASE

7a. Siskiyou County Code, Title 2 – Chapter 1. – Airports (Exhibit D)

7b. Siskiyou County Code, Title 3 – Chapter 6. – Airports and Aircraft (Exhibit E)

7c. FAA Assurances – Airport Sponsors (Exhibit F)

7d. All applicable ordinances, rules and regulations established by any federal, state or local government agency exercising jurisdiction over the premises.

7e. Non-aviation use of the Premises is not permitted.

7f. Lessee agrees to comply with all security measures that may be imposed from time to time by the County or any other applicable governmental agency. If gate codes are used in the future Lessee shall not be authorized to distribute gate code to any persons. If Lessee provides gate code to unauthorized individuals it will be considered a material breach of this lease and shall be grounds for termination under Section 21.

7g. Lessee agrees that the County is not responsible for the security of the aircraft located on the Premises. It is expressly understood that no storage of airplanes, boats, cars, trucks, trailers or mobile homes is permitted outside of the Hangar or anywhere on County's property except designated parking areas for such vehicles or aircraft.

8. Safe Use of Premises: Lessee agrees to make no unlawful, offensive or noxious use of the Premises. In addition, no explosives, firearms, volatile or flammable chemicals or other property which would materially increase the hazard of fires shall be stored at the Premises. No aircraft will be refueled while said aircraft is within the Premises space. Any refueling shall occur outside of the Premises proper and that fuels shall not be stored at the Premises, other than in the fuel tanks internal to the stored aircraft. If your aircraft requires a special grade/type of fuel not provided by the County and/or the Fixed Based Operator ("FBO"), please inquire as to the rules and regulations governing the private, non-commercial self-fueling of aircraft. Lessee shall indemnify and pay any taxes or penalties imposed by any proper governing authority based upon Lessee's failure or violation of any local, state or federal rule resulting from the improper utilization of the leased Premises space. That said sum shall be paid within thirty (30) days of written demand.

9. Sublease/Assignment: Neither this Lease nor any interest herein shall be assigned, either voluntarily or involuntarily, by Lessee, or by operation of law or otherwise, nor shall the Premises or any hangar, structure or part thereof placed upon the said Premises, or any part thereof, be sublet or sold by Lessee without the prior written consent of County, which shall not be unreasonably withheld by County. Such assignment, sublease or sale shall be subject to all conditions contained in this Lease. Any such assignment, sublease or sale without such prior written consent of County shall be void and County shall have the right to terminate the Lease as set forth in Section 6d upon such unapproved assignment, sublease or sale at its sole discretion.

AIRPORT GROUND LEASE

County shall have the right to terminate, assign or transfer Lease or any rights in or to it. Lessee agrees failure to maintain the required insurance, or to cause the breach of any clause in Lease, or to fail to abide by any applicable rule, regulation, requirement or ordinance shall be deemed a material breach of this Lease.

The parking of aircraft other than the Aircraft on the Premises shall constitute a sublease. No sublease of this Lease shall be valid unless the sublease is reduced to writing, and executed by the Lessee, County, and any sub-lessee. With County approval, the sub-lessee shall provide the applicable insurance required in section 12 of the Lease.

10. Ownership of Improvements: It is mutually agreed that any improvements placed upon the leased premises shall remain the property of Lessee throughout the term of this lease. Lessee covenants and agrees not to make any alterations, additions or improvements to the Premises without the prior written approval of the County and acquisition of the required building permits. If within 30 days after the expiration date of this lease, or other termination of this lease, any improvements which can reasonably be removed from the leased premises have not been removed, it is mutually agreed that these improvements shall become the property of Siskiyou County. If Lessee should receive an offer from a developer for their hangar, the County will have the first right of refusal prior to sale. If for any reason the Lessee should decide to remove the hangar from the airport, the County will have the first right to purchase the hangar from the Lessee. The purchase price shall be determined by a qualified appraiser who is mutually acceptable to both the Lessee and the County. If no agreement on the selection of an appraiser can be reached, a judge of the Superior Court will appoint an appraiser. Cost of any appraisal will be shared equally by the County and Lessee. Lessee expressly agrees and understands that any attempted sale to a third party without obtaining prior approval from the County shall be void *ab initio*.

11. Construction of Improvements.

11a. Lessee shall complete construction, at his/her sole cost and expense, of an aircraft storage hangar, as approved by County, on the Premises within twelve (12) months after receiving an approved building permit from County. Lessee shall provide all information required by County for the permit process in a timely manner. Utilities will be provided by the Lessee. Evidence of completion shall be the issuance of a Certificate of Occupancy from County. Prior to occupancy, Lessee shall present the Airport Director with a copy of the validly issued Certificate of Occupancy. Lessee shall be responsible for obtaining, at his/her sole cost and expense, all permits of any kind required by law, including payment of utility and applicable development fees. County shall have the right to control the type of construction, architectural style, size and color of any improvements. Prior to developing final working plans, the Lessee shall submit preliminary plans to the Siskiyou County Building Department for review and comment. County shall review said plans and advise Lessee of any deficiencies. Lessee shall then make the necessary changes, if any, required for County's approval. After those

AIRPORT GROUND LEASE

conditions have been satisfied, County shall notify Lessee in writing that he/she may proceed with construction. If Lessee commences construction without County's written consent, then Lessee shall be in violation of this Lease, and County, at its sole discretion, may terminate this Lease. In the event Lessee fails to complete construction within twelve (12) months after the commencement date of this Lease, as evidenced by the issuance of a Certificate of Occupancy, or fails to timely provide information required by County for the permit process, County may, at County's sole discretion, terminate this Lease and Lessee shall forfeit all rights and interest to the Premises and all improvements, thereon.

11b. Surety for Performance and Payment: Before any major work of construction, alteration or repair is commenced on the Premises, Lessee shall furnish County adequate surety for performance and payment in a form acceptable to the County Risk Manager, in an amount not less than the cost of the improvements to be constructed, and which will remain in effect until the entire cost of the work has been paid in full and the new improvements have been insured as provided in this Lease. The surety shall state the following:

11c. It is conditioned to secure the completion of the proposed construction free from all liens and claims of contractors, subcontractors, mechanics, laborers and materialmen following the commencement of construction;

11d. The construction work shall be completed by Lessee, the general contractor, or, on their default, the surety;

11e. In default of such completion and payment, such part of the amount of the surety as shall be required to complete the work shall be paid to County as liquidated and agreed damages for the non-performance of Lessee's agreements, it being agreed the exact amount of County's damages is difficult and impractical to ascertain; and

11f. The surety will defend, hold harmless and indemnify County against all loss, cost, damage, expense and liability arising out of or connected with the work of improvement.

11g. County may, but shall not unreasonably, disapprove the surety. The surety shall be deemed approved unless notice of disapproval is given within 30 business days after receipt of the proposed surety. County shall record a Notice on Non-Responsibility prior to commencement of any of the work and Lessee shall pay County all costs associated with the preparation and recordation of the Notice of Non-Responsibility.

12b. Certificate of Insurance: All Lessee insurance is to be carried by one or more insurance companies licensed to do business in California and approved by the County. County shall be named as an additional insured under the applicable liability policies and furnished duly executed certificate(s) and endorsement of all required insurance, together with satisfactory evidence of the payment of the premiums therefore, on the date Lessee first occupies the Hangar and, upon renewals of such policies no less than thirty (30) days prior to the expiration of the term of such coverage. The insurance policies of Lessee shall further provide at least thirty (30) days advance written notice to County and Lessee of any material change, cancellation, non-renewal or changes adverse to the interest of County or Lessee. It is expressly understood by Lessee that the receipt of any required insurance certificate(s) by County hereunder does not constitute agreement that the insurance requirements of this Lease have been fully met or that the insurance policies indicated on the certificate are in compliance with all requirements of this Lease. Further, the failure of County to obtain certificates or other evidence of insurance from Lessee shall not be deemed a waiver by County. Nonconforming insurance shall not relieve Lessee of its obligation to provide the insurance specified herein. Non-fulfillment of the insurance conditions by Lessee hereunder may constitute a material breach of this Lease and County retains the right to suspend the Lease until proper evidence of insurance is provided or, in the continued absence of such insurance evidence, terminate this Lease, in County's sole discretion.

It is the Lessee's responsibility to provide the Certificate of Insurance and Additional Insured Endorsement on or before the expiration date of their existing insurance policy. A processing fee of \$25.00 will be charged if the Certificate of Insurance and Additional Insured Endorsement are not received by County on or before the renewal date.

12c. Waiver of Subrogation: All policies shall expressly waive the underwriter's and insurance carrier's right of subrogation against County and/or its insurance carriers.

12d. Primary Insurance: Consistent with the indemnification provisions of this Lease, Lessee's insurance policies will respond on a primary basis, with any insurance carried by County to be construed as secondary or excess insurance.

12e. Lessee's Liability Not Limited: NOT WITHSTANDING THE PROVISIONS OF THIS SECTION, FOR PURPOSES OF THIS LEASE, LESSEE ACKNOWLEDGES THAT ITS POTENTIAL LIABILITY IS NOT LIMITED TO THE AMOUNT OF LIABILITY INSURANCE COVERAGE IT MAINTAINS OR TO THE LIMITED REQUIRED HEREIN.

13. Casualty: In the event the Premises, or the means of access thereto, shall be damaged by fire or any other cause, the rent payable hereunder shall not abate provided that the Premises is not rendered unleaseable by such damage. If the Premises is rendered unleaseable and County elects to repair the Hangar/Premises, the rent shall abate for the period during which such repairs are being made, provided the damages were not caused by the acts or omissions of Lessee, its employees, agents or invitees, in which case the rent shall not abate. If the Premises is rendered unleaseable and County elects not to repair the Premises, this Lease shall terminate.

14. Liabilities, Indemnities and Force Majure: The County shall not in any way be liable for any cost, liability, damage or injury, including cost of suit and expenses of legal services, claimed or recovered by any person or entity, or occurring on the Leased Premises in or on any hangar located on the Premises or the Airport or as a result of any operations, works, acts or omissions performed on the Leased Premises in or on any hangar located on the Premises or the Airport, by Lessee, its officers, agents, servants, employees, contractors or authorized tenants, or their guests or invitees. Lessee shall not in any way be liable for any cost, liability, damage or injury, including cost of suit and expenses of legal services, claimed or recovered by any person or entity, or occurring on the Leased Premises in or on any hangar located on the Premises or the Airport, or as a result of any operations, works, acts, or commission performed on the Leased Premises in or on any hangar located on the Premises or the Airport, solely by the County, their officers, agents, servants, employees, contractors or authorized tenants, or their guests or invitees. In this regard, Lessee expressly releases the County and each of its officers, agents, servants, contractors and employees from their own negligence, gross negligence, or other liability. Lessee agrees to indemnify, save and hold harmless, the County, their officers, agents, servants, contractors and employees, of and from any and all costs, liability, damage and expense, including costs of suit and reasonable expenses of legal services and attorney's fees claimed or recovered, justly or unjustly, falsely, fraudulently or frivolously, by any person, firm or corporation by reason of injury to, or death of, any person or persons, including County personnel, and damage to, destruction or loss of use of any property, including County property, directly or indirectly arising from, or resulting from, any operations, works, acts or omissions of Lessee, its officers, agents, servants, employees, contractors, or authorized tenants. Lessee agrees to release, indemnify and hold County, its officers, agents, servants, contractors and employees harmless from and against any and all liabilities, damages, business interruptions, delays, losses, claims, judgments, of any kind whatsoever including all costs, attorney's fees, and express incidental thereto, which may be suffered by, or charged to, County arising out of the Lessee's use of the Premises or any hangar located thereon or by reason of any loss of or damage to any property or injury to or death of any person arising out of or by reason of any breach, violation or non-performance by Lessee or its officers, servants, employees or agents of any covenant or condition of the agreement or by any act or failure to act by those persons. Lessee acknowledges that insurance is available from independent insurance companies to protect Lessee in the event of theft, damage, or destruction of the stored property.

16. Environmental Responsibilities of Lessee

16a. Environmental Removal and Disposal: Lessee shall be responsible for the proper removal and disposal of all Hazardous Materials and Toxic Substances, as defined herein, generated by Lessee as a result of Lessee's activities in, on and from the Hangar/Premises. Such removal and disposal shall include, but not be limited to Lessee's manifesting such regulated substances under Lessee's assigned Environmental Protection Agency (EPA) identification number and ensuring that removal of such regulated materials from the Hangar and County's leasehold is accomplished in accordance with Airport, local, state and federal guidelines. have no responsibility for any Environmental Damages, which preceded Lessee's initial date of use of the Premises. For the purpose of this provision, the Parties mutually agree Lessee's initial date of Space is the first day of the term in Section 1. The obligations, covenants and agreements of Lessee contained in this Section 16 shall survive termination of this Lease for any reason.

17. Entry to Hangar. Lessee consents to County's entry and inspection of the Hangar during the term of this Lease and any extension thereof, without notice to Lessee, to determine compliance with the terms hereof, to respond to heat/smoke detector alarm, or for any other reasonable purpose.

18. Subordination. This Lease is subject and subordinate to the following:

18a. The County reserves the right to develop and improve the Airport as it sees fit, regardless of the desires or view of Lessee, and without interference or hindrance by or on behalf of Lessee, provided Lessee is not deprived of the use or access to the Leased Premises or any of Lessee's rights under this Lease and unless said activities by the County shall result in the loss of convenient access to the Leased Premises by motor vehicles and/or aircraft owned or operated by Lessee or Lessee's assigns, subtenants, renters, agents, employees or invitees.

18b. The County reserves the right to take any action it considers necessary to protect the aerial approaches to the Airport against obstruction, together with the right to prevent Lessee from erecting or permitting to be erected any building or other structure on the Airport which would limit the usefulness of the Airport or constitute a hazard to aircraft.

18c. The County reserves the right, but shall not be obligated to the Lessee, to maintain and keep in repair the landing area of the airport and all publicly owned facilities of the airport, together with the right to direct and control all activities of the Lessee in this regard.

18d. This Lease is and shall be subordinate to the provisions of existing and future agreements and assurances between the County and the United States, or the Federal Aviation Administration, or the State of California relative to the operation or maintenance of the Airport, the execution of which has been or may be required as a condition precedent to the obtaining or expenditure of federal funds, state funds, services, or property for the benefit of the Airport.

18e. During national emergency, the County shall have the right to lease all or any part of the landing area or of the airport to the United States or the State of California for military use, and if any such lease is executed, the provisions of this Lease insofar as they may be inconsistent with the provisions of such lease to the government, shall be suspended, but such suspension shall not extend the term of this Lease. Abatement of rentals shall be reasonably determined by the County and Lessee in proportion to the degree of interference with Lessee's use of the leased Premises.

AIRPORT GROUND LEASE

18f. Except to the extent required for the performance of any obligations of Lessee hereunder, nothing contained in this Lease shall grant to Lessee any rights whatsoever in the airspace above the leased Premises other than those reasonably necessary to Lessee's enjoyment of the leased Premises and County Airport facilities and which are consistent with Federal Aviation Administration rules, regulations and orders currently or subsequently effective. Further, Lessee's rights in airspace above the leased Premises and the Airport and the Airport facilities shall be not less than the rights therein by other users of the Airport and Airport facilities.

This Lease is subject and subordinate to any and all mortgages which may now or hereafter encumber the airport's fee simple interest or the County's leasehold interest, in the real property of which the demised premises is a part thereof, and to all renewals, modifications and extensions thereof; provided that with respect to any future mortgage, the subordination described above shall be subject to the following: in the event that any proceedings are brought by the mortgagee (a) to foreclose the mortgage or any renewal, modification, consolidation, replacement or extension thereof, for any reason whatsoever, or (b) to succeed to the interest of County by foreclosure, deed in lieu thereof or otherwise, and provided no uncured event of default under this Lease shall have occurred and be continuing, Lessee's possession of the demised premises and Lessee's rights and privileges under this Lease and any extension or extensions thereof shall not be diminished, interfered with or disturbed by the mortgagee as a result of such foreclosure under the mortgage or by any such attempt to foreclose or to succeed to the interest of County by foreclosure, deed in lieu, thereof, or otherwise. Lessee shall, within seven (7) days after required of County, execute any subordination documents which County or any mortgagee of the demised premises may reasonably request, but no such document shall be required to effectuate said subordination. Any such subordination documents shall, as to any future mortgage, comply with the terms of this Paragraph.

18h. Lessee understands and accepts County's delegation of the prohibition against exclusive rights in accordance with the obligation set forth in the Federal Aviation Act of 1958, Section 308(a) which states "there shall be no exclusive right for the use of any landing area or air navigation facility upon which federal funds have been expended" and as set forth in 49 United States Codes Section 40107(a)(4) and U.S.C. Section 40103(e). The lessee may not exercise any of its rights or privileges under the Lease in an unreasonable manner which results in and subjects the public airport users or tenants to unjust discrimination.

18i. Lessee for himself/herself, his personal representatives, successors in interest, and assignees, as part of the consideration hereof, does hereby covenant and agree that: (1) no person on the grounds of race, color or national origin shall be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities, (2) that in the construction of any improvements on, over, or under such land and the furnishing of services thereon, no person on the grounds of race, color, or national origin shall be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (3) that the Lessee shall use the premises in compliance with all other requirements imposed by or pursuant to *Title 49 Code of Federal Regulations Part 21, Nondiscrimination in Federally Assisted Programs of the Department of Transportation* and as outlined in FAA AC 150/5100-15A Civil

Lessee agrees that in the event of such termination, Lessee shall immediately surrender possession of the Premises to County and shall remove all of Lessee's property including any non-County owned hangar from the Premises. - (d) The revenues received from users of the airports are vital to the economic well-being of the airports; and
- (e) The County will incur substantial expenditure for capital investment, operation, maintenance, and development of the facilities at the airports to meet the future demand for airport services to accommodate the air transport of persons and cargo; and
- (f) Siskiyou County Airport, Weed Airport, Happy Camp Airport, Scott Valley Airport, Butte Valley Airport, have sustained net losses throughout their respective periods of operation by the County, and have never produced revenues sufficient to offset the County's operating and capital costs for aeronautical assets in use at such airports; and
- (g) Fuel flowage fees imposed on the delivery of fuel at the airports currently paid by certain aviation tenants have not been sufficient to offset the County's costs of providing airfield assets and services at the airports; and
- (h) As a recipient of financial assistance from the United States Government for development of the airports, the County is required, pursuant to 49 USC § 47107, to maintain a schedule of charges for use of facilities and services at the airports that will

Exhibit D – Siskiyou County Code – Title 2. – Chapter 1

make the airports as self-sustaining as possible under the circumstances existing at the Airport, including volume of traffic and economy of collection; and

- (i) Pursuant to 49 USC § 47107, the County is required to make the airports available for public use on reasonable conditions and without unjust discrimination; and
- (j) The Federal Aviation Administration (FAA) has directed airports to ensure that rates, fees, rentals, landing fees, and other service charges imposed on aeronautical users of the airports for aeronautical uses are fair and reasonable and, unless otherwise agreed to by the affected aeronautical users, do not exceed the costs of providing airfield assets and services currently in aeronautical use at the airports; and
- (k) The FAA has further directed that airport fees should be established using a consistent methodology for comparable aeronautical users, that fees imposed on a group of aeronautical users should not exceed the costs allocated to that user group, that reasonable distinctions may be made among aeronautical users, and that differing charges may be imposed on categories of aeronautical users based on those distinctions; and
- (l) The State Aeronautics Act (California Public Utilities Code § 21001 et seq.) (the "Act") authorizes the County to operate and maintain airports and collect charges for the use of such facilities. The Act further authorizes the County to provide by regulation for charges, fees, and tolls for the use of the airports and civil penalties for the violations of such regulations; and
- (m) In order to raise revenue for purposes of making the airports as self-sustaining as possible under the circumstances existing at the airport and maintaining, operating, and developing the airports for the convenience of aviation users and the traveling public, and to preserve existing revenues, protect the public, preserve order, provide for the public health, safety and welfare, enhance the welfare of the County, and govern use of airport property, it is necessary to adopt and implement the fees specified in this chapter to be paid by persons utilizing the airports for aviation purposes; and
- (n) Because commercial aircraft operators and commercial aeronautical users derive revenues from using the airports for commercial purposes, it is fair and reasonable that commercial aircraft operators and commercial aeronautical users contribute to a greater degree than non-revenue generating users toward the maintenance, operation, and continued development of the airports and making the airports self-sustaining, and that such greater contribution by commercial aircraft operators and commercial aeronautical users does not unjustly discriminate against this group of Airport users; and
- (o) Because large aircraft make greater demands on runways, taxiways, and other Airport facilities, which requires greater maintenance, operating, and capital expenditures by the County to permit such continued use for the airports by such large aircraft, a

Exhibit D – Siskiyou County Code – Title 2. – Chapter 1

landing fee imposed on operators of such large Aircraft does not unjustly discriminate against this group of Airport users; and

- (p) It is customary for airports that charge landing fees to base the fees on landed weight of aircraft, and to exclude from the landing fee requirement aircraft below a minimum landed weight; and
- (q) The operation of fuel transportation vehicles on the airports without appropriate environmental and safety precautions poses a threat to the health, economic vitality, and safety of persons living in the community, the State of California, and other citizens utilizing the airports, and exposes the County to potential liability for environmental cleanup and remediation; and
- (r) In order to protect the public, to provide for public safety, and to preserve the good order of the County, it is necessary to enact and provide for implementation of standards, controls, and procedures for operation of fuel transportation vehicles on the airports.

Sec. 2-1.04. - Purpose.

The purpose of this chapter is to enact landing and fuel flowage fees and to establish environmental and safety requirements for fuel transportation vehicles consistent with the above findings and this chapter shall be liberally construed to effectuate this purpose.

Specific Assurances

Specific assurances required to be included in grant agreements by any of the above laws, regulations or circulars are incorporated by reference in this grant agreement.

Footnotes to Assurance C.1.

- ¹ These laws do not apply to airport planning sponsors.
- ² These laws do not apply to private sponsors.
- ³ 49 CFR Part 18 and 2 CFR Part 200 contain requirements for State and Local Governments receiving Federal assistance. Any requirement levied upon State and Local Governments by this regulation and circular shall also be applicable to private sponsors receiving Federal assistance under Title 49, United States Code.
- ⁴ On December 26, 2013 at 78 FR 78590, the Office of Management and Budget (OMB) issued the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR Part 200. 2 CFR Part 200 replaces and combines the former Uniform Administrative Requirements for Grants (OMB Circular A-102 and Circular A-110 or 2 CFR Part 215 or Circular) as well as the Cost Principles (Circulars A-21 or 2 CFR part 220; Circular A-87 or 2 CFR part 225; and A-122, 2 CFR part 230). Additionally it replaces Circular A-133 guidance on the Single Annual Audit. In accordance with 2 CFR section 200.110, the standards set forth in Part 200 which affect administration of Federal awards issued by Federal agencies become effective once implemented by Federal agencies or when any future amendment to this Part becomes final. Federal agencies, including the Department of Transportation, must implement the policies and procedures applicable to Federal awards by promulgating a regulation to be effective by December 26, 2014 unless different provisions are required by statute or approved by OMB.

- ⁵ Cost principles established in 2 CFR part 200 subpart E must be used as guidelines for determining the eligibility of specific types of expenses.
- ⁶ Audit requirements established in 2 CFR part 200 subpart F are the guidelines for audits.

2. Responsibility and Authority of the Sponsor.

a. Public Agency Sponsor:

It has legal authority to apply for this grant, and to finance and carry out the proposed project; that a resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.

b. Private Sponsor:

It has legal authority to apply for this grant and to finance and carry out the proposed project and comply with all terms, conditions, and assurances of this grant agreement. It shall designate an official representative and shall in writing direct and authorize that person to file this application, including all understandings and assurances contained therein; to act in connection with this application; and to provide such additional information as may be required.

3. Sponsor Fund Availability.

It has sufficient funds available for that portion of the project costs which are not to be paid by the United States. It has sufficient funds available to assure operation and maintenance of items funded under this grant agreement which it will own or control.

4. Good Title.

- a. It, a public agency or the Federal government, holds good title, satisfactory to the Secretary, to the landing area of the airport or site thereof, or will give assurance satisfactory to the Secretary that good title will be acquired.
- b. For noise compatibility program projects to be carried out on the property of the sponsor, it holds good title satisfactory to the Secretary to that portion of the property upon which Federal funds will be expended or will give assurance to the Secretary that good title will be obtained.

5. Preserving Rights and Powers.

- a. It will not take or permit any action which would operate to deprive it of any of the rights and powers necessary to perform any or all of the terms, conditions, and assurances in this grant agreement without the written approval of the Secretary, and will act promptly to acquire, extinguish or modify any outstanding rights or claims of right of others which would interfere with such performance by the sponsor. This shall be done in a manner acceptable to the Secretary.

- b. It will not sell, lease, encumber, or otherwise transfer or dispose of any part of its title or other interests in the property shown on Exhibit A to this application or, for a noise compatibility program project, that portion of the property upon which Federal funds have been expended, for the duration of the terms, conditions, and assurances in this grant agreement without approval by the Secretary. If the transferee is found by the Secretary to be eligible under Title 49, United States Code, to assume the obligations of this grant agreement and to have the power, authority, and financial resources to carry out all such obligations, the sponsor shall insert in the contract or document transferring or disposing of the sponsor's interest, and make binding upon the transferee all of the terms, conditions, and assurances contained in this grant agreement.
- c. For all noise compatibility program projects which are to be carried out by another unit of local government or are on property owned by a unit of local government other than the sponsor, it will enter into an agreement with that government. Except as otherwise specified by the Secretary, that agreement shall obligate that government to the same terms, conditions, and assurances that would be applicable to it if it applied directly to the FAA for a grant to undertake the noise compatibility program project. That agreement and changes thereto must be satisfactory to the Secretary. It will take steps to enforce this agreement against the local government if there is substantial non-compliance with the terms of the agreement.
- d. For noise compatibility program projects to be carried out on privately owned property, it will enter into an agreement with the owner of that property which includes provisions specified by the Secretary. It will take steps to enforce this agreement against the property owner whenever there is substantial non-compliance with the terms of the agreement.
- e. If the sponsor is a private sponsor, it will take steps satisfactory to the Secretary to ensure that the airport will continue to function as a public-use airport in accordance with these assurances for the duration of these assurances.
- f. If an arrangement is made for management and operation of the airport by any agency or person other than the sponsor or an employee of the sponsor, the sponsor will reserve sufficient rights and authority to insure that the airport will be operated and maintained in accordance Title 49, United States Code, the regulations and the terms, conditions and assurances in this grant agreement and shall insure that such arrangement also requires compliance therewith.
- g. Sponsors of commercial service airports will not permit or enter into any arrangement that results in permission for the owner or tenant of a property used as a residence, or zoned for residential use, to taxi an aircraft between that property and any location on airport. Sponsors of general aviation airports entering into any arrangement that results in permission for the owner of residential real property adjacent to or near the airport must comply with the requirements of Sec. 136 of Public Law 112-95 and the sponsor assurances.

6. Consistency with Local Plans.

The project is reasonably consistent with plans (existing at the time of submission of this application) of public agencies that are authorized by the State in which the project is located to plan for the development of the area surrounding the airport.

7. Consideration of Local Interest.

It has given fair consideration to the interest of communities in or near where the project may be located.

8. Consultation with Users.

In making a decision to undertake any airport development project under Title 49, United States Code, it has undertaken reasonable consultations with affected parties using the airport at which project is proposed.

9. Public Hearings.

In projects involving the location of an airport, an airport runway, or a major runway extension, it has afforded the opportunity for public hearings for the purpose of considering the economic, social, and environmental effects of the airport or runway location and its consistency with goals and objectives of such planning as has been carried out by the community and it shall, when requested by the Secretary, submit a copy of the transcript of such hearings to the Secretary. Further, for such projects, it has on its management board either voting representation from the communities where the project is located or has advised the communities that they have the right to petition the Secretary concerning a proposed project.

10. Metropolitan Planning Organization.

In projects involving the location of an airport, an airport runway, or a major runway extension at a medium or large hub airport, the sponsor has made available to and has provided upon request to the metropolitan planning organization in the area in which the airport is located, if any, a copy of the proposed amendment to the airport layout plan to depict the project and a copy of any airport master plan in which the project is described or depicted.

11. Pavement Preventive Maintenance.

With respect to a project approved after January 1, 1995, for the replacement or reconstruction of pavement at the airport, it assures or certifies that it has implemented an effective airport pavement maintenance-management program and it assures that it will use such program for the useful life of any pavement constructed, reconstructed or repaired with Federal financial assistance at the airport. It will provide such reports on pavement condition and pavement management programs as the Secretary determines may be useful.

12. Terminal Development Prerequisites.

For projects which include terminal development at a public use airport, as defined in Title 49, it has, on the date of submittal of the project grant application, all the safety equipment required for certification of such airport under section 44706 of Title 49, United States Code, and all the security equipment required by rule or regulation, and

has provided for access to the passenger enplaning and deplaning area of such airport to passengers enplaning and deplaning from aircraft other than air carrier aircraft.

13. Accounting System, Audit, and Record Keeping Requirements.

- a. It shall keep all project accounts and records which fully disclose the amount and disposition by the recipient of the proceeds of this grant, the total cost of the project in connection with which this grant is given or used, and the amount or nature of that portion of the cost of the project supplied by other sources, and such other financial records pertinent to the project. The accounts and records shall be kept in accordance with an accounting system that will facilitate an effective audit in accordance with the Single Audit Act of 1984.
- b. It shall make available to the Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, for the purpose of audit and examination, any books, documents, papers, and records of the recipient that are pertinent to this grant. The Secretary may require that an appropriate audit be conducted by a recipient. In any case in which an independent audit is made of the accounts of a sponsor relating to the disposition of the proceeds of a grant or relating to the project in connection with which this grant was given or used, it shall file a certified copy of such audit with the Comptroller General of the United States not later than six (6) months following the close of the fiscal year for which the audit was made.

14. Minimum Wage Rates.

It shall include, in all contracts in excess of \$2,000 for work on any projects funded under this grant agreement which involve labor, provisions establishing minimum rates of wages, to be predetermined by the Secretary of Labor, in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a-276a-5), which contractors shall pay to skilled and unskilled labor, and such minimum rates shall be stated in the invitation for bids and shall be included in proposals or bids for the work.

15. Veteran's Preference.

It shall include in all contracts for work on any project funded under this grant agreement which involve labor, such provisions as are necessary to insure that, in the employment of labor (except in executive, administrative, and supervisory positions), preference shall be given to Vietnam era veterans, Persian Gulf veterans, Afghanistan-Iraq war veterans, disabled veterans, and small business concerns owned and controlled by disabled veterans as defined in Section 47112 of Title 49, United States Code. However, this preference shall apply only where the individuals are available and qualified to perform the work to which the employment relates.

16. Conformity to Plans and Specifications.

It will execute the project subject to plans, specifications, and schedules approved by the Secretary. Such plans, specifications, and schedules shall be submitted to the Secretary prior to commencement of site preparation, construction, or other performance under this grant agreement, and, upon approval of the Secretary, shall be incorporated into this grant agreement. Any modification to the approved plans,

specifications, and schedules shall also be subject to approval of the Secretary, and incorporated into this grant agreement.

17. Construction Inspection and Approval.

It will provide and maintain competent technical supervision at the construction site throughout the project to assure that the work conforms to the plans, specifications, and schedules approved by the Secretary for the project. It shall subject the construction work on any project contained in an approved project application to inspection and approval by the Secretary and such work shall be in accordance with regulations and procedures prescribed by the Secretary. Such regulations and procedures shall require such cost and progress reporting by the sponsor or sponsors of such project as the Secretary shall deem necessary.

18. Planning Projects.

In carrying out planning projects:

- a. It will execute the project in accordance with the approved program narrative contained in the project application or with the modifications similarly approved.
- b. It will furnish the Secretary with such periodic reports as required pertaining to the planning project and planning work activities.
- c. It will include in all published material prepared in connection with the planning project a notice that the material was prepared under a grant provided by the United States.
- d. It will make such material available for examination by the public, and agrees that no material prepared with funds under this project shall be subject to copyright in the United States or any other country.
- e. It will give the Secretary unrestricted authority to publish, disclose, distribute, and otherwise use any of the material prepared in connection with this grant.
- f. It will grant the Secretary the right to disapprove the sponsor's employment of specific consultants and their subcontractors to do all or any part of this project as well as the right to disapprove the proposed scope and cost of professional services.
- g. It will grant the Secretary the right to disapprove the use of the sponsor's employees to do all or any part of the project.
- h. It understands and agrees that the Secretary's approval of this project grant or the Secretary's approval of any planning material developed as part of this grant does not constitute or imply any assurance or commitment on the part of the Secretary to approve any pending or future application for a Federal airport grant.

19. Operation and Maintenance.

- a. The airport and all facilities which are necessary to serve the aeronautical users of the airport, other than facilities owned or controlled by the United States, shall be operated at all times in a safe and serviceable condition and in accordance with the minimum standards as may be required or prescribed by applicable Federal,

state and local agencies for maintenance and operation. It will not cause or permit any activity or action thereon which would interfere with its use for airport purposes. It will suitably operate and maintain the airport and all facilities thereon or connected therewith, with due regard to climatic and flood conditions. Any proposal to temporarily close the airport for non-aeronautical purposes must first be approved by the Secretary. In furtherance of this assurance, the sponsor will have in effect arrangements for-

- 1) Operating the airport's aeronautical facilities whenever required;
- 2) Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions; and
- 3) Promptly notifying airmen of any condition affecting aeronautical use of the airport. Nothing contained herein shall be construed to require that the airport be operated for aeronautical use during temporary periods when snow, flood or other climatic conditions interfere with such operation and maintenance. Further, nothing herein shall be construed as requiring the maintenance, repair, restoration, or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the sponsor.

- b. It will suitably operate and maintain noise compatibility program items that it owns or controls upon which Federal funds have been expended.

20. Hazard Removal and Mitigation.

It will take appropriate action to assure that such terminal airspace as is required to protect instrument and visual operations to the airport (including established minimum flight altitudes) will be adequately cleared and protected by removing, lowering, relocating, marking, or lighting or otherwise mitigating existing airport hazards and by preventing the establishment or creation of future airport hazards.

21. Compatible Land Use.

It will take appropriate action, to the extent reasonable, including the adoption of zoning laws, to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including landing and takeoff of aircraft. In addition, if the project is for noise compatibility program implementation, it will not cause or permit any change in land use, within its jurisdiction, that will reduce its compatibility, with respect to the airport, of the noise compatibility program measures upon which Federal funds have been expended.

22. Economic Nondiscrimination.

- a. It will make the airport available as an airport for public use on reasonable terms and without unjust discrimination to all types, kinds and classes of aeronautical activities, including commercial aeronautical activities offering services to the public at the airport.
- b. In any agreement, contract, lease, or other arrangement under which a right or privilege at the airport is granted to any person, firm, or corporation to conduct or

to engage in any aeronautical activity for furnishing services to the public at the airport, the sponsor will insert and enforce provisions requiring the contractor to-

- 1) furnish said services on a reasonable, and not unjustly discriminatory, basis to all users thereof, and
 - 2) charge reasonable, and not unjustly discriminatory, prices for each unit or service, provided that the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.
- c. Each fixed-based operator at the airport shall be subject to the same rates, fees, rentals, and other charges as are uniformly applicable to all other fixed-based operators making the same or similar uses of such airport and utilizing the same or similar facilities.
 - d. Each air carrier using such airport shall have the right to service itself or to use any fixed-based operator that is authorized or permitted by the airport to serve any air carrier at such airport.
 - e. Each air carrier using such airport (whether as a tenant, non-tenant, or subtenant of another air carrier tenant) shall be subject to such nondiscriminatory and substantially comparable rules, regulations, conditions, rates, fees, rentals, and other charges with respect to facilities directly and substantially related to providing air transportation as are applicable to all such air carriers which make similar use of such airport and utilize similar facilities, subject to reasonable classifications such as tenants or non-tenants and signatory carriers and non-signatory carriers. Classification or status as tenant or signatory shall not be unreasonably withheld by any airport provided an air carrier assumes obligations substantially similar to those already imposed on air carriers in such classification or status.
 - f. It will not exercise or grant any right or privilege which operates to prevent any person, firm, or corporation operating aircraft on the airport from performing any services on its own aircraft with its own employees [including, but not limited to maintenance, repair, and fueling] that it may choose to perform.
 - g. In the event the sponsor itself exercises any of the rights and privileges referred to in this assurance, the services involved will be provided on the same conditions as would apply to the furnishing of such services by commercial aeronautical service providers authorized by the sponsor under these provisions.
 - h. The sponsor may establish such reasonable, and not unjustly discriminatory, conditions to be met by all users of the airport as may be necessary for the safe and efficient operation of the airport.
 - i. The sponsor may prohibit or limit any given type, kind or class of aeronautical use of the airport if such action is necessary for the safe operation of the airport or necessary to serve the civil aviation needs of the public.

23. Exclusive Rights.

It will permit no exclusive right for the use of the airport by any person providing, or intending to provide, aeronautical services to the public. For purposes of this paragraph, the providing of the services at an airport by a single fixed-based operator shall not be construed as an exclusive right if both of the following apply:

- a. It would be unreasonably costly, burdensome, or impractical for more than one fixed-based operator to provide such services, and
- b. If allowing more than one fixed-based operator to provide such services would require the reduction of space leased pursuant to an existing agreement between such single fixed-based operator and such airport. It further agrees that it will not, either directly or indirectly, grant or permit any person, firm, or corporation, the exclusive right at the airport to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity, and that it will terminate any exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under Title 49, United States Code.

24. Fee and Rental Structure.

It will maintain a fee and rental structure for the facilities and services at the airport which will make the airport as self-sustaining as possible under the circumstances existing at the particular airport, taking into account such factors as the volume of traffic and economy of collection. No part of the Federal share of an airport development, airport planning or noise compatibility project for which a grant is made under Title 49, United States Code, the Airport and Airway Improvement Act of 1982, the Federal Airport Act or the Airport and Airway Development Act of 1970 shall be included in the rate basis in establishing fees, rates, and charges for users of that airport.

25. Airport Revenues.

- a. All revenues generated by the airport and any local taxes on aviation fuel established after December 30, 1987, will be expended by it for the capital or operating costs of the airport; the local airport system; or other local facilities which are owned or operated by the owner or operator of the airport and which are directly and substantially related to the actual air transportation of passengers or property; or for noise mitigation purposes on or off the airport. The following exceptions apply to this paragraph:
 - 1) If covenants or assurances in debt obligations issued before September 3, 1982, by the owner or operator of the airport, or provisions enacted before September 3, 1982, in governing statutes controlling the owner or operator's financing, provide for the use of the revenues from any of the airport owner or

operator's facilities, including the airport, to support not only the airport but also the airport owner or operator's general debt obligations or other facilities, then this limitation on the use of all revenues generated by the airport (and, in the case of a public airport, local taxes on aviation fuel) shall not apply.

- 2) If the Secretary approves the sale of a privately owned airport to a public sponsor and provides funding for any portion of the public sponsor's acquisition of land, this limitation on the use of all revenues generated by the sale shall not apply to certain proceeds from the sale. This is conditioned on repayment to the Secretary by the private owner of an amount equal to the remaining unamortized portion (amortized over a 20-year period) of any airport improvement grant made to the private owner for any purpose other than land acquisition on or after October 1, 1996, plus an amount equal to the federal share of the current fair market value of any land acquired with an airport improvement grant made to that airport on or after October 1, 1996.
- 3) Certain revenue derived from or generated by mineral extraction, production, lease, or other means at a general aviation airport (as defined at Section 47102 of title 49 United States Code), if the FAA determines the airport sponsor meets the requirements set forth in Sec. 813 of Public Law 112-95.

- b. As part of the annual audit required under the Single Audit Act of 1984, the sponsor will direct that the audit will review, and the resulting audit report will provide an opinion concerning, the use of airport revenue and taxes in paragraph (a), and indicating whether funds paid or transferred to the owner or operator are paid or transferred in a manner consistent with Title 49, United States Code and any other applicable provision of law, including any regulation promulgated by the Secretary or Administrator.
- c. Any civil penalties or other sanctions will be imposed for violation of this assurance in accordance with the provisions of Section 47107 of Title 49, United States Code.

26. Reports and Inspections.

It will:

- a. submit to the Secretary such annual or special financial and operations reports as the Secretary may reasonably request and make such reports available to the public; make available to the public at reasonable times and places a report of the airport budget in a format prescribed by the Secretary;
- b. for airport development projects, make the airport and all airport records and documents affecting the airport, including deeds, leases, operation and use agreements, regulations and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request;
- c. for noise compatibility program projects, make records and documents relating to the project and continued compliance with the terms, conditions, and assurances of this grant agreement including deeds, leases, agreements, regulations, and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request; and

- d. in a format and time prescribed by the Secretary, provide to the Secretary and make available to the public following each of its fiscal years, an annual report listing in detail:
 - 1) all amounts paid by the airport to any other unit of government and the purposes for which each such payment was made; and
 - 2) all services and property provided by the airport to other units of government and the amount of compensation received for provision of each such service and property.

27. Use by Government Aircraft.

It will make available all of the facilities of the airport developed with Federal financial assistance and all those usable for landing and takeoff of aircraft to the United States for use by Government aircraft in common with other aircraft at all times without charge, except, if the use by Government aircraft is substantial, charge may be made for a reasonable share, proportional to such use, for the cost of operating and maintaining the facilities used. Unless otherwise determined by the Secretary, or otherwise agreed to by the sponsor and the using agency, substantial use of an airport by Government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the Secretary, would unduly interfere with use of the landing areas by other authorized aircraft, or during any calendar month that –

- a. Five (5) or more Government aircraft are regularly based at the airport or on land adjacent thereto; or
- b. The total number of movements (counting each landing as a movement) of Government aircraft is 300 or more, or the gross accumulative weight of Government aircraft using the airport (the total movement of Government aircraft multiplied by gross weights of such aircraft) is in excess of five million pounds.

28. Land for Federal Facilities.

It will furnish without cost to the Federal Government for use in connection with any air traffic control or air navigation activities, or weather-reporting and communication activities related to air traffic control, any areas of land or water, or estate therein, or rights in buildings of the sponsor as the Secretary considers necessary or desirable for construction, operation, and maintenance at Federal expense of space or facilities for such purposes. Such areas or any portion thereof will be made available as provided herein within four months after receipt of a written request from the Secretary.

29. Airport Layout Plan.

- a. It will keep up to date at all times an airport layout plan of the airport showing
 - 1) boundaries of the airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the sponsor for airport purposes and proposed additions thereto;
 - 2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and

roads), including all proposed extensions and reductions of existing airport facilities;

- 3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon; and
 - 4) all proposed and existing access points used to taxi aircraft across the airport's property boundary. Such airport layout plans and each amendment, revision, or modification thereof, shall be subject to the approval of the Secretary which approval shall be evidenced by the signature of a duly authorized representative of the Secretary on the face of the airport layout plan. The sponsor will not make or permit any changes or alterations in the airport or any of its facilities which are not in conformity with the airport layout plan as approved by the Secretary and which might, in the opinion of the Secretary, adversely affect the safety, utility or efficiency of the airport.
- b. If a change or alteration in the airport or the facilities is made which the Secretary determines adversely affects the safety, utility, or efficiency of any federally owned, leased, or funded property on or off the airport and which is not in conformity with the airport layout plan as approved by the Secretary, the owner or operator will, if requested, by the Secretary (1) eliminate such adverse effect in a manner approved by the Secretary; or (2) bear all costs of relocating such property (or replacement thereof) to a site acceptable to the Secretary and all costs of restoring such property (or replacement thereof) to the level of safety, utility, efficiency, and cost of operation existing before the unapproved change in the airport or its facilities except in the case of a relocation or replacement of an existing airport facility due to a change in the Secretary's design standards beyond the control of the airport sponsor.

30. Civil Rights.

It will promptly take any measures necessary to ensure that no person in the United States shall, on the grounds of race, creed, color, national origin, sex, age, or disability be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in any activity conducted with, or benefiting from, funds received from this grant.

- a. Using the definitions of activity, facility and program as found and defined in §§ 21.23 (b) and 21.23 (e) of 49 CFR § 21, the sponsor will facilitate all programs, operate all facilities, or conduct all programs in compliance with all non-discrimination requirements imposed by, or pursuant to these assurances.
- b. Applicability
 - 1) Programs and Activities. If the sponsor has received a grant (or other federal assistance) for any of the sponsor's program or activities, these requirements extend to all of the sponsor's programs and activities.
 - 2) Facilities. Where it receives a grant or other federal financial assistance to construct, expand, renovate, remodel, alter or acquire a facility, or part of a facility, the assurance extends to the entire facility and facilities operated in connection therewith.

- 3) **Real Property.** Where the sponsor receives a grant or other Federal financial assistance in the form of, or for the acquisition of real property or an interest in real property, the assurance will extend to rights to space on, over, or under such property.

c. **Duration.**

The sponsor agrees that it is obligated to this assurance for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the assurance obligates the sponsor, or any transferee for the longer of the following periods:

- 1) So long as the airport is used as an airport, or for another purpose involving the provision of similar services or benefits; or
- 2) So long as the sponsor retains ownership or possession of the property.

- d. **Required Solicitation Language.** It will include the following notification in all solicitations for bids, Requests For Proposals for work, or material under this grant agreement and in all proposals for agreements, including airport concessions, regardless of funding source:

“The **(Name of Sponsor)**, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that any contract entered into pursuant to this advertisement, disadvantaged business enterprises and airport concession disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.”

e. **Required Contract Provisions.**

- 1) It will insert the non-discrimination contract clauses requiring compliance with the acts and regulations relative to non-discrimination in Federally-assisted programs of the DOT, and incorporating the acts and regulations into the contracts by reference in every contract or agreement subject to the non-discrimination in Federally-assisted programs of the DOT acts and regulations.
- 2) It will include a list of the pertinent non-discrimination authorities in every contract that is subject to the non-discrimination acts and regulations.
- 3) It will insert non-discrimination contract clauses as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a sponsor.
- 4) It will insert non-discrimination contract clauses prohibiting discrimination on the basis of race, color, national origin, creed, sex, age, or handicap as a

covenant running with the land, in any future deeds, leases, license, permits, or similar instruments entered into by the sponsor with other parties:

- a) For the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
 - b) For the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
- f. It will provide for such methods of administration for the program as are found by the Secretary to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the acts, the regulations, and this assurance.
- g. It agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the acts, the regulations, and this assurance.

31. Disposal of Land.

- a. For land purchased under a grant for airport noise compatibility purposes, including land serving as a noise buffer, it will dispose of the land, when the land is no longer needed for such purposes, at fair market value, at the earliest practicable time. That portion of the proceeds of such disposition which is proportionate to the United States' share of acquisition of such land will be, at the discretion of the Secretary, (1) reinvested in another project at the airport, or (2) transferred to another eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order, (1) reinvestment in an approved noise compatibility project, (2) reinvestment in an approved project that is eligible for grant funding under Section 47117(e) of title 49 United States Code, (3) reinvestment in an approved airport development project that is eligible for grant funding under Sections 47114, 47115, or 47117 of title 49 United States Code, (4) transferred to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport, and (5) paid to the Secretary for deposit in the Airport and Airway Trust Fund. If land acquired under a grant for noise compatibility purposes is leased at fair market value and consistent with noise buffering purposes, the lease will not be considered a disposal of the land. Revenues derived from such a lease may be used for an approved airport development project that would otherwise be eligible for grant funding or any permitted use of airport revenue.
- b. For land purchased under a grant for airport development purposes (other than noise compatibility), it will, when the land is no longer needed for airport purposes, dispose of such land at fair market value or make available to the Secretary an amount equal to the United States' proportionate share of the fair market value of the land. That portion of the proceeds of such disposition which is proportionate to the United States' share of the cost of acquisition of such land will, (1) upon application to the Secretary, be reinvested or transferred to another

eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order: (1) reinvestment in an approved noise compatibility project, (2) reinvestment in an approved project that is eligible for grant funding under Section 47117(e) of title 49 United States Code, (3) reinvestment in an approved airport development project that is eligible for grant funding under Sections 47114, 47115, or 47117 of title 49 United States Code, (4) transferred to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport, and (5) paid to the Secretary for deposit in the Airport and Airway Trust Fund.

- c. Land shall be considered to be needed for airport purposes under this assurance if (1) it may be needed for aeronautical purposes (including runway protection zones) or serve as noise buffer land, and (2) the revenue from interim uses of such land contributes to the financial self-sufficiency of the airport. Further, land purchased with a grant received by an airport operator or owner before December 31, 1987, will be considered to be needed for airport purposes if the Secretary or Federal agency making such grant before December 31, 1987, was notified by the operator or owner of the uses of such land, did not object to such use, and the land continues to be used for that purpose, such use having commenced no later than December 15, 1989.
- d. Disposition of such land under (a) (b) or (c) will be subject to the retention or reservation of any interest or right therein necessary to ensure that such land will only be used for purposes which are compatible with noise levels associated with operation of the airport.

32. Engineering and Design Services.

It will award each contract, or sub-contract for program management, construction management, planning studies, feasibility studies, architectural services, preliminary engineering, design, engineering, surveying, mapping or related services with respect to the project in the same manner as a contract for architectural and engineering services is negotiated under Title IX of the Federal Property and Administrative Services Act of 1949 or an equivalent qualifications-based requirement prescribed for or by the sponsor of the airport.

33. Foreign Market Restrictions.

It will not allow funds provided under this grant to be used to fund any project which uses any product or service of a foreign country during the period in which such foreign country is listed by the United States Trade Representative as denying fair and equitable market opportunities for products and suppliers of the United States in procurement and construction.

34. Policies, Standards, and Specifications.

It will carry out the project in accordance with policies, standards, and specifications approved by the Secretary including but not limited to the advisory circulars listed in the Current FAA Advisory Circulars for AIP projects, dated _____ (the latest approved version as of this grant offer) and included in this grant, and in accordance

with applicable state policies, standards, and specifications approved by the Secretary.

35. Relocation and Real Property Acquisition.

- a. It will be guided in acquiring real property, to the greatest extent practicable under State law, by the land acquisition policies in Subpart B of 49 CFR Part 24 and will pay or reimburse property owners for necessary expenses as specified in Subpart B.
- b. It will provide a relocation assistance program offering the services described in Subpart C and fair and reasonable relocation payments and assistance to displaced persons as required in Subpart D and E of 49 CFR Part 24.
- c. It will make available within a reasonable period of time prior to displacement, comparable replacement dwellings to displaced persons in accordance with Subpart E of 49 CFR Part 24.

36. Access By Intercity Buses.

The airport owner or operator will permit, to the maximum extent practicable, ~~intercity buses or other modes of transportation~~ to have access to the airport; however, it has no obligation to fund special facilities for intercity buses or for other modes of transportation.

37. Disadvantaged Business Enterprises.

The sponsor shall not discriminate on the basis of race, color, national origin or sex in the award and performance of any DOT-assisted contract covered by 49 CFR Part 26, or in the award and performance of any concession activity contract covered by 49 CFR Part 23. In addition, the sponsor shall not discriminate on the basis of race, color, national origin or sex in the administration of its DBE and ACDBE programs or the requirements of 49 CFR Parts 23 and 26. The sponsor shall take all necessary and reasonable steps under 49 CFR Parts 23 and 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts, and/or concession contracts. The sponsor's DBE and ACDBE programs, as required by 49 CFR Parts 26 and 23, and as approved by DOT, are incorporated by reference in this agreement. Implementation of these programs is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the sponsor of its failure to carry out its approved program, the Department may impose sanctions as provided for under Parts 26 and 23 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1936 (31 U.S.C. 3801).

38. Hangar Construction.

If the airport owner or operator and a person who owns an aircraft agree that a hangar is to be constructed at the airport for the aircraft at the aircraft owner's expense, the airport owner or operator will grant to the aircraft owner for the hangar a long term lease that is subject to such terms and conditions on the hangar as the airport owner or operator may impose.

39. Competitive Access.

- a. If the airport owner or operator of a medium or large hub airport (as defined in section 47102 of title 49, U.S.C.) has been unable to accommodate one or more requests by an air carrier for access to gates or other facilities at that airport in order to allow the air carrier to provide service to the airport or to expand service at the airport, the airport owner or operator shall transmit a report to the Secretary that-
 - 1) Describes the requests;
 - 2) Provides an explanation as to why the requests could not be accommodated; and
 - 3) Provides a time frame within which, if any, the airport will be able to accommodate the requests.
- b. Such report shall be due on either February 1 or August 1 of each year if the airport has been unable to accommodate the request(s) in the six month period prior to the applicable due date.
