**Subject: Tri-Counties Workgroup Supports Commitments Under the Klamath Power and Facilities Agreement**

Dear Commissioner Cameron,

The Tri-Counties Workgroup writes on behalf of the Counties of Siskiyou and Modoc, California, and Klamath, Oregon, in support of the Bureau of Reclamation's planning efforts to meet responsibilities under the 2016 Klamath Power and Facilities Agreement, particularly regarding measures to prevent fish from entering Klamath Reclamation Project diversions.

We appreciate Reclamation's willingness to engage with the Klamath Water Users Association (KWUA) on this important effort. Fish screens and other entrainment reduction facilities are critical to protecting salmon and other aquatic species and maintaining ecological balance in the Upper Klamath Basin, while allowing irrigation and water management to continue.

We look forward to updates on this effort as evaluations, design, and construction activities move forward. Thank you for your attention to this important matter and for your continued engagement with local stakeholders.

Sincerely,

---

Derrick DeGroot, Vice Chair  
Klamath County Commissioners

---

Geri Byrne, District 5  
Modoc County Board of Supervisors

---

Michael N. Kobseff, District 3  
Siskiyou County Board of Supervisors

---

Ned Coe, District I  
Modoc County Board of Supervisors

---

Jess W. Harris, District 1  
Siskiyou County Board of Supervisors
